All the Elements

Earth, Air, Fire, and Water - together, these elements make up the universe. These components are all essential to our existence in this world.

School has been our world for the past twelve years. Whether our experience has been positive or negative, the same elements have been present. Each of our lives contain the elements of academics, family and friends, art and music, and athletics. Each of us possesses these fundamental elements in different aspects and proportions. The diversity of our abilities and interests, along with our similarities, have created a natural balance in our lives. With each individual's weakness came another's strength. In this way we have been each other's support. We take with us a part of everyone we are blessed or not so blessed with knowing, and they become a part of our lives forever.

We are about to enter into a world of all new and fantastic experiences. Our lives will go in different directions, down different paths. However, we will find that those same properties which have shaped our lives up until now, will continue to shape our lives as time passes. For none of us ever completely change. We are essentially the same people we always were and always will be. We have simply grown, enriched ourselves through our experiences, and we will continue to grow through experiences yet to come. Some of our experiences will result in success, some in failure. We must all share in our successes and learn from our failures, for those are the elements which make up our existence.

summer practice *makes perfect*

Think back to the first week in August...the weather was hot and humid and all you wanted to do was relax, sleep in, and enjoy your last few weeks of summer. Many students, though, are already preparing for early mornings by attending fall sport camps at the high school.

One such group of students is the cross country team, coached by Mr. George Argyros. The team spends three weeks worth of four hour days getting ready for yet another winning season and preparing both mentally and physically.

The girls' tennis team also practices for the last three weeks of August. They spend about three hours a day with their coach Mr. Ralph Antenucci conditioning, doing drills, and playing each other. Toward the end of camp, the team finally plays scrimmages and exhibition matches to prepare for the upcoming season.

The volleyball team is another team with the dedication to practice during the last weeks of summer. Their coach, Mrs. Megan Lucas, pushes them to their limit in hopes of building a

strong team in preparation for the season. One of their many drills is the PitDrill, where the girls stand in a circle and must keep the balls that are thrown at them in the air.

Football players spend weeks at the school preparing for their upcoming season. They stretch, run sprints, review plays, meet with coaches, and play scrimmages. To add some fun to the day, at mealtime, the sophomores are responsible for entertaining the group. Afterwards, it's back to the football field for more practice.

Who could forget the soccer teams? Coached by Mr. Heder and Mrs. Cignetti, these teams are always at the Intermediate School practicing. Their camp is at the end of August, and they busily prepare for their first match.

Last, but certainly not least, are the golf teams, coached by Mr. Al Veselicky and Mr. Rich Mottura. Their practice isn't as grueling as the rest, but they still spend countless hours perfecting their sport at the Vandergift Golf Course.

So, the next time you dread the month of August, think of all the athletes at Kiski, because officially, their summer has come to an end.

— Cynthia Brougher

The football teams prepare for an intense practice by stretching out their hamstrings.

Wendy Kengor, Sarah Raschiatore, and Stacy Jastrzembki spent many summer hours running this track in preparation for their 1998 cross country season.

first week of school

First week? It seems like we've been here a month!

—Senior Spike Katora

Lockers slamming. The late bell ringing. Mass chaos. What else could it be but the first week of school? As alarm clocks sound everywhere, students groan - it's 6:00 a.m. It is that time of year again. The routine of waking up early, completing school work, and riding that overcrowded bus is upon us again. Everyone has their own unique tale to tell about the first week of school. Whether it be from a freshman or a senior, each experience is memorable.

When asked what their most unforgettable first week of school was like, the seniors had a wide variety of responses. Many students experience excitement, fear, or nervousness. For example, on her first day of kindergarten, Stacey Forgie threw up on the bus. Where Stacey could not control her nerves, Kelly Doyle had a better experience on the first day of kindergarten. She met Carla Cacco, who is still her best friend today. Speaking of meeting new people, Dominic Tiberio met his present girlfriend, Jenn Heintz, on the first day of his junior year.

In general, the first week of school is hectic for everyone. The junior class is no exception. Stephanie Barone recalls, "On the first day of preschool, I didn't want to go. As my mom got out of the car, I locked her out!" Jessie May also has a humorous story to tell about her first day of fifth grade. "I wore my new clothes to school with all of the tags on them!" As a little girl, Lindsay Lucas

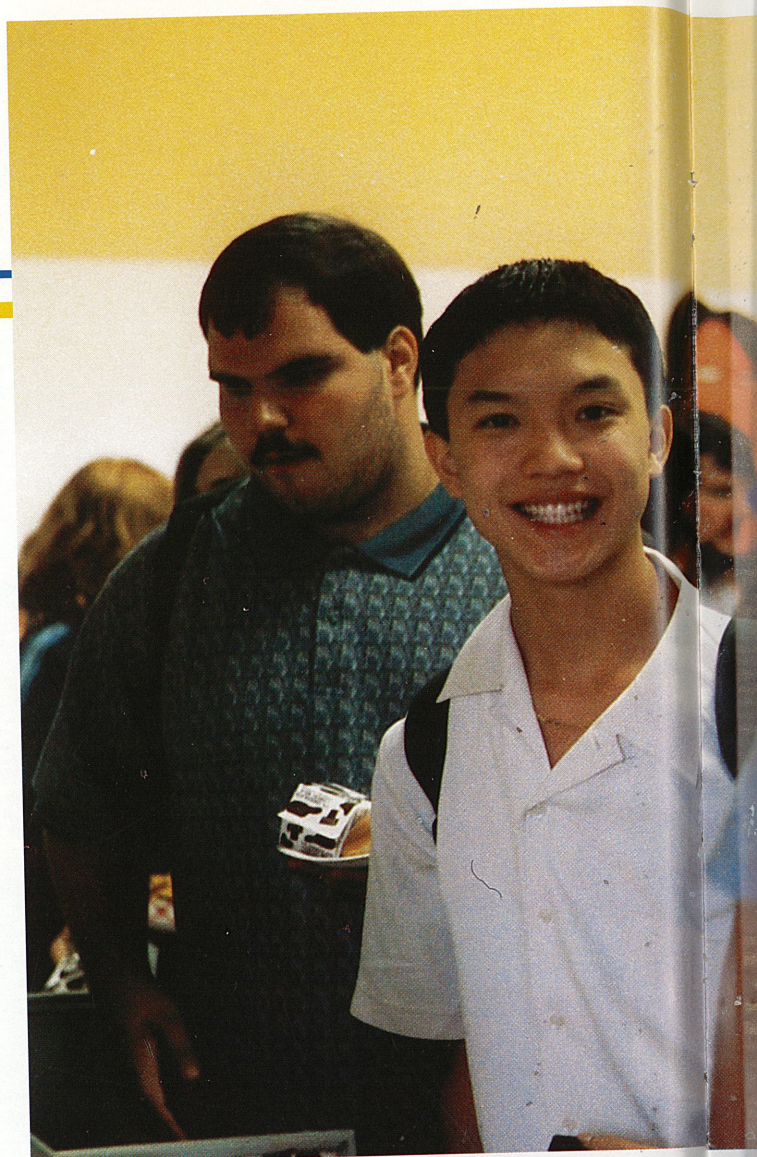

was obviously defensive! She says, "On the first day of first grade, a boy pulled one of my pigtails on the bus. I hit him on the head with my lunchbox. He got a lump on his head, and his parents called my parents that night."

The sophomores also relayed their stories. One anonymous student says that during his first week of seventh grade, he went into the girls' bathroom. Nikki Potocnac said that on her first day of ninth grade a senior tried to test her gullibility. He tried to sell her an elevator pass. Luckily, she did not fall for it, but who knows how many have!

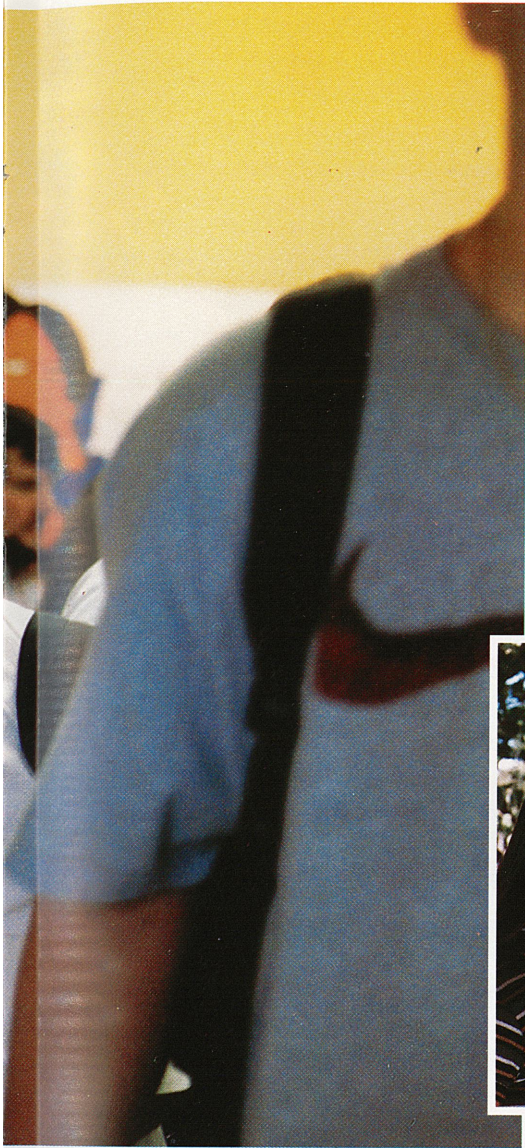

For most freshmen, the thought of entering high school is a frightening one. They have all heard the rumors of getting lost or being humiliated by the upperclassmen. For the most part, these are just rumors. Most of them are just subject to small mishaps. Karen DeFilippi could not open her locker on the first day of school this year. It turns out, her problem was that she was using the wrong combination! Other common mistakes among freshmen include going to the wrong classroom, getting lost in the hallways, and not being able to find their cafeteria.

The first week of school always marks some sort of beginning for students. Whether that beginning is embarrassing, exciting, or frightening, we never forget our high school years. Kiski Area students truly have "All the Elements" that make up that notable first week of school!!!

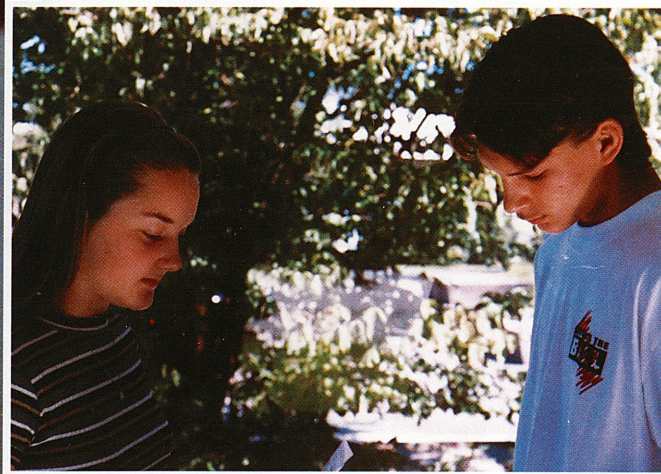

—Karen Scott & Wendy Kengor

These three students, junior Adam Geracia, senior Brandi Hazlett, and freshman Aleesha Coalmer, await their locker combination from Mrs. Zubal.

LEFT: Hi Wes Mayles! Welcome back for you final year!
BELOW: Freshmen Stephanie Graham and Derek Greehalt compare schedules. Students are always anxious to find out who else will be in their classes.

Mr. Pipkins helps homeroom 302 open their lockers for the first time this school year. Remember from last year, Left...Right...Left.

Bye Bye Birdie

The buzz in the Kiski Area High School auditorium on March 19th, 1997, was charged with tension as the seats quickly filled up. The dim backstage was equally electric, and, as the house lights began to dim, whispers of "Quiet! It's almost time!" could be heard. There is nothing more exciting than opening night!

After the absence of drama for ten years, musical theater returned to Kiski in the form of *Bye Bye Birdie*. The musical comedy is a satirical look at the rock star craze of the early 1960's, in which a very smooth Conrad Birdie is the object of the teenage girls' affections. The comedy also has a love story undertone. Birdie's manager, Albert Peterson, and his fiancée/secretary, Rose Alvarez, are forced to deal with his overbearing mother. In the meantime, Kim MacAfee is explaining to Hugo Peabody that he is her "One Boy," even though she will be receiving "One Last Kiss" from the coveted Conrad Birdie before he leaves for war. In the end, Rosie and Al find their happiness after sending Mama back to New York. Much to Mr. MacAfee's dismay, though, Hugo and Kim announce their very early engage-

ment.

For over two months, forty seven students rehearsed diligently to bring the Elvis-inspired show to life. After all of the laughter, sweat, and tears, the hard work paid off as the students successfully delivered four amazing performances on March 19th, 20th, 21st, and 22nd. The support from the community was wonderful. As the cast peered out at the packed auditorium every night, the confidence began to build. After the performances were over, many students were already wondering what production would be done next year.

The love of drama has finally been renewed at Kiski. A special thank you goes out to Mrs. Ellen Rupert, the director of this musical. She put countless hours into casting, rehearsing, and performing *Bye Bye Birdie*. Thanks to her, many people are thankful for such a wonderful experience, and all the beautiful friendships that were developed. Hopefully, theater will not be taking any more sabbaticals at Kiski Area. If the overwhelming student response is any sign, though, that does not seem likely. Drama is here to stay!

—Jennifer Heintz

the 5 most changed

The class of 1998 first met them five years ago in seventh grade. With each passing year, all five of them changed a little more. We are referring to Jessie Dunmire, Spike Katora, Jerrah Kucharski, John Replogle, and Erin Richardson, the five Most Changed Seniors.

It was not long ago that they donned glasses, had braces, and were timid seventh graders. Looking back on those glory days is often not a thrilling thought. However, our five seniors were more than happy to take a trip backwards.

Erin smiles and recalls her junior high school days. "I've definitely become more outgoing and outspoken since then," she says. "I'm also more social."

When asked how he has changed in the past five years, John laughed. "I'm more outgoing and friendly now," he responds.

Jerrah remembers her younger years as quite a metamorphosis. She says that, physically, she was a late bloomer, and, personality wise, she came out of her shell.

Through the years, Spike has also undergone drastic change. Spike says that he has learned not to limit himself to one group of friends.

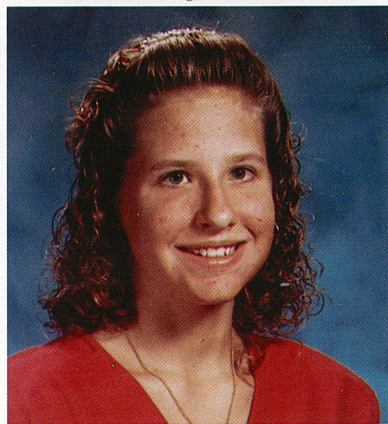

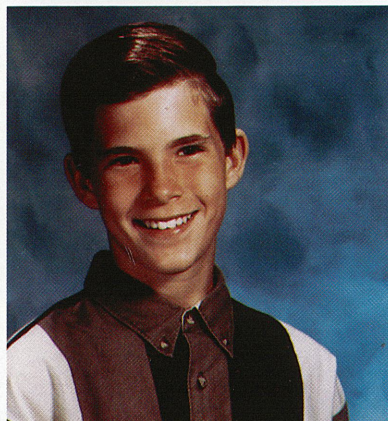

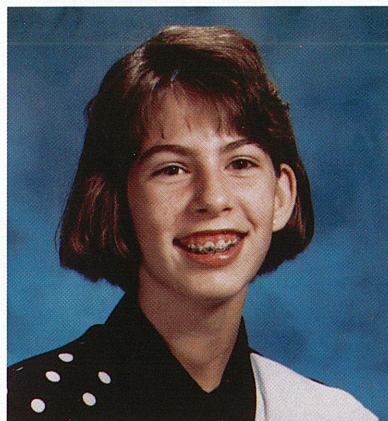

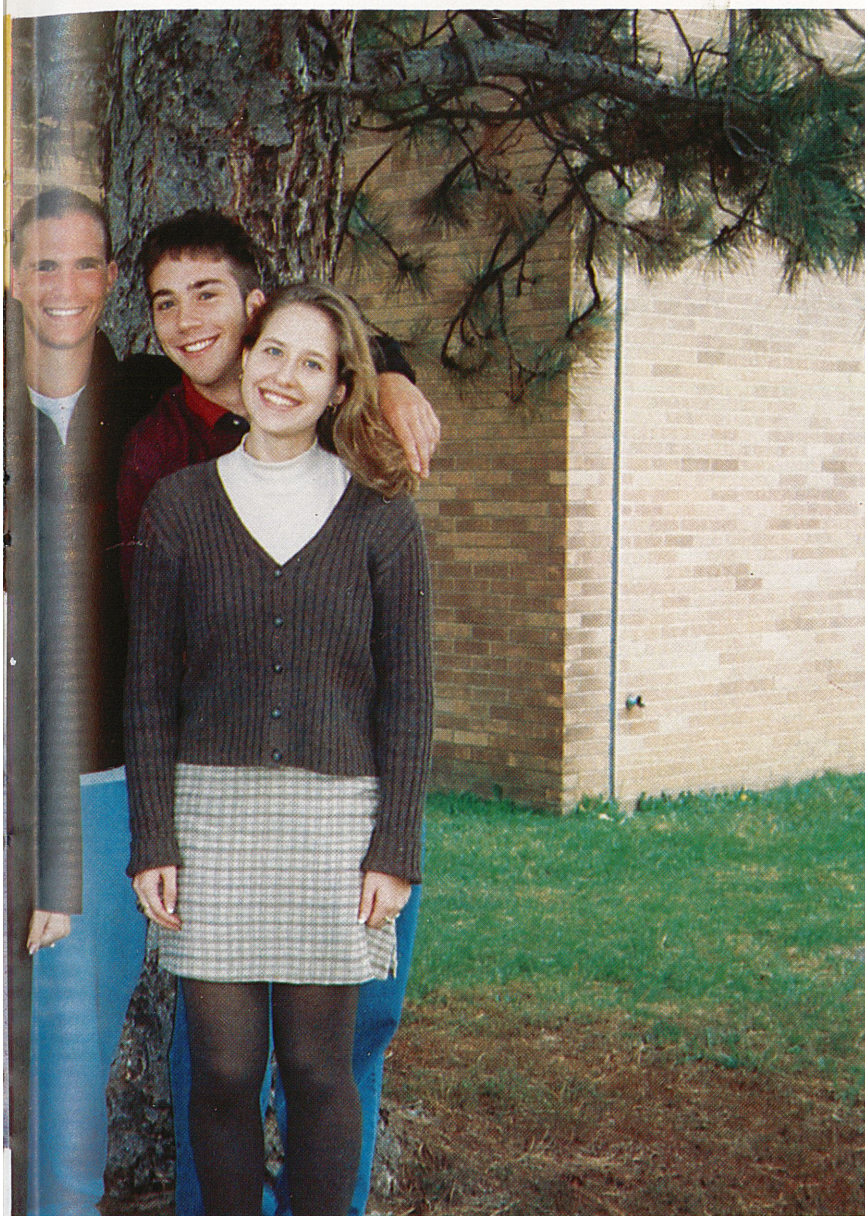

Jessie relayed her feelings about her former self. "I've become more independent and I have expanded my horizons."

Although people's personalities form before junior high and high school, people change the most during the secondary years. These years leave an indelible impression on a person. Obviously, Jessie, Spike, Jerrah, John, and Erin have a much better understanding now of who they are. They have risen above their fears and are no longer insecure twelve-year olds trying to find their way around the intermediate school.

All five students seem to have grown more confident and to have overcome their awkward stages. Each one has become more active and involved in school activities. Who knows what five more years will do to the faces we pass in the hallways?

Senior Class Officers

These four enthusiastic and reliable students took on the task of representing the class of 1998, which was over 280 strong. Their responsibilities included aiding in magazine sales, planning the senior class trip, banquet, and prom. Eventually, the officers will coordinate the class reunion. Thanks officers! All of your hard work paid off in a fun and memorable senior year!

1998 CAMPUS

The Kiski Area Campus Yearbook is a large project which spans throughout the entire school year, as well as summer vacation. Much hard work and dedication is devoted to the yearbook by all those involved.

The yearbook is a project which allows the staff members to display their talents while providing the student body with a collaboration of memories from their school year. Staff members belong to one of four divisions - Production, Business, Literary, or Photography Staff. Members of each staff work

together toward a common goal of a successful Campus yearbook.

Nikki Hartle, the 1997-98 Editor-in-Chief, heads the staff under the advisory of Mrs. Kim Poleski. Mrs. Poleski provides a lot of guidance on the overall production of the book. Nikki's job is one of much responsibility, but she receives a lot of help from Co-Editors Rachel Gray and Marissa Krzeminski and Junior Editors Lisa Bohaychick, Sonya Cline, Sheila Shurina. Together, the entire staff brings together "All the Elements" of Kiski life into one finished product.

Literary Staff

1998 Homecoming Queen

Camille Vaglia

Camille Vaglia was voted the 1997-98 Homecoming Queen by her fellow seniors. Her escort was Christian Arabia. The 1996-97 queen, Kristen Oates, escorted by James Passarelli, crowned Camille during halftime of the football game on September 26th, 1997. Crownbearer Kayli Dupstadt was more than happy to help out with the festivities.

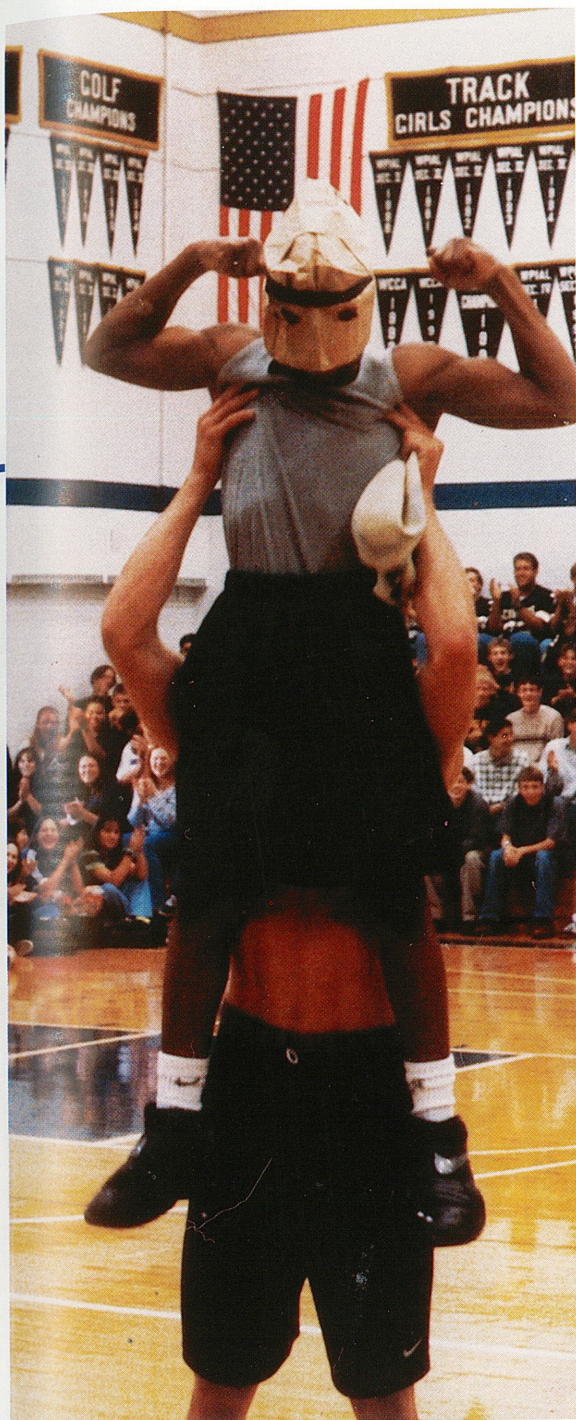

Show *your* Spirit, Kiski!

Homecoming week was full of fun, excitement, and lots of laughs. To celebrate, Student Council and the Pride Club set up a few activities, as well as giving each day of the week a different dress code. Monday was College Sweatshirt Day, Tuesday was Pajama Day, Wednesday was Clash Day, Thursday was 80's Flashback Day, and Friday was Spirit Day. Everyone, whether they participated or not, got a real kick out of the various outfits.

To begin the excitement of Homecoming Weekend, a bonfire was held Thursday night. Students took turns smashing a car with "Gateway High School" written on it, our rivals in the following night's Homecoming game.

A bicep contest was the highlight of Friday's Homecoming assembly. Following the procession of the Court, guys

and girls flexed their muscles to the cheers of the crowd. Senior Theresa Litz won for the female competition, while freshman Frankie Ross was victorious for the guys.

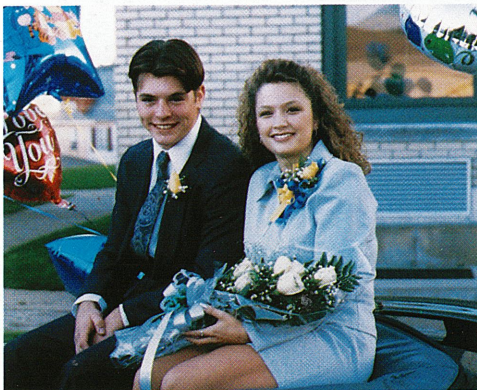

Friday evening, Camille Vaglia was announced as the 1997-98 Homecoming Queen of Kiski Area during halftime of the football game. However, Homecoming festivities did not stop there. The next week was full of anticipation for the Homecoming Dance, to be held the following Saturday at Sons of Italy, Vandergrift. One hundred couples attended the Sadie Hawkins Dance, many dressed in matching T-shirts.

Students always have a great time during Homecoming, but this year's was better than ever. It is definitely a week to remember.

..regular or
decaf ?.....

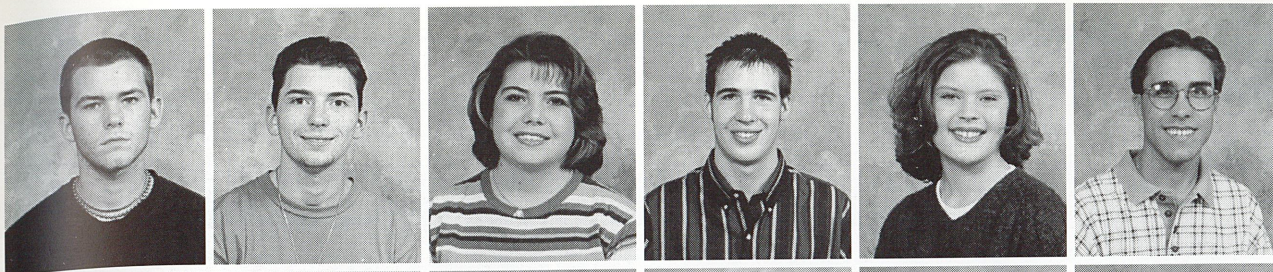

What is the height in trendiness of beverages this year? Sure, Surge, but also cappuccinos and other variations of this popular drink. Everyone, it seems, is carrying around coffee containers from Bruegger's and Starbucks. The possibilities are endless and so is the vocabulary- skinny and bone dry are a few. The caffeine is definitely a useful jolt for the early school mornings, but what else makes this particular drink so widespread? Junior Brad Poleski says, "I like cappuccino. It makes me feel all warm and fuzzy inside." There are also those on the opposite side of the coin. Sandy Kulick, also a junior, says, "I really don't like the taste of it at all."

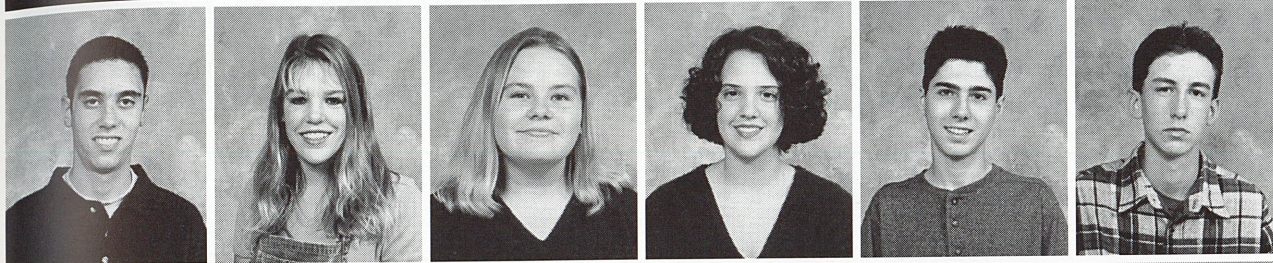

Whether you love it or hate it, you have to admit that this little foreign drink has made quite an impression on Kiski students this year.

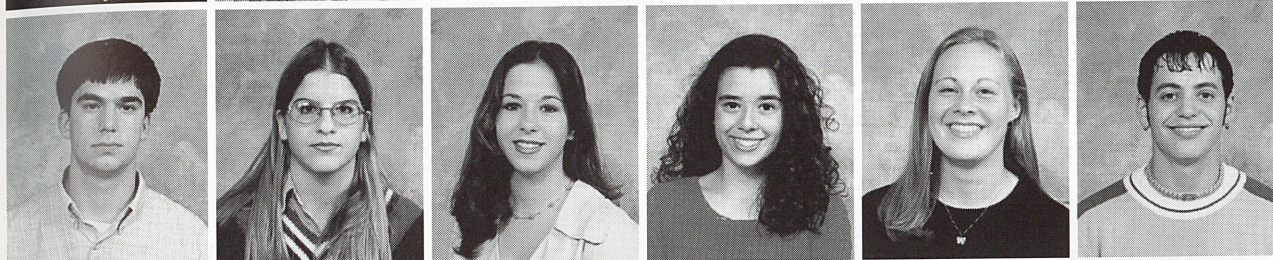

Rachel Gray enjoys a Starbucks Frappuccino.

the great... search

June 1998 - time to relax. Right? Not if you are a member of the class of 1999. The work is just beginning. You get to apply all the stuff you learned from Careers class and prepare yourself for college. The essays, applications, and decisions are overwhelming. The incredible amount of work involved in finding the college best suited to you is exactly why some juniors have already started their search this year. The preparations include taking the SATs, reading over college brochures, and meeting with college representatives. One junior, Tara Brownlee, has already begun her search. "I have visited a few colleges already. I think it is important to start early." Certainly, getting an early start this year, juniors are relieving much of the pressure of senior year.

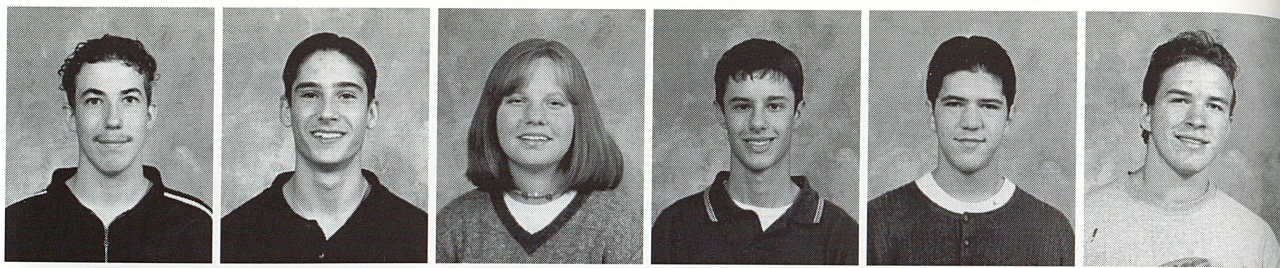

Going to college requires a lot of advanced preparation. **ABOVE:** The Guidance Office is well-stocked with college literature. **RIGHT:** Elissa Doyle reads over a college brochure to see if the school is right for her. **FAR RIGHT:** By taking an advanced course load, Kayla Calorio is preparing herself for college level work.

TREASURER: Sarah Frederick, **VICE PRESIDENT:** Jodi Jarmul, **PRESIDENT:** Adam Rossi, **SECRETARY:** Jessica May.

Our junior class officers play a major roll at Kiski, especially where the junior class is concerned. They are in charge of the junior candy sales - our major fundraiser for the prom. Each officer must help distribute the candy and count all the money made. Another responsibility is attending the building committee meetings every month. At the meetings, the officers discuss the concerns of the junior class with parents, teachers, and administrators.

Members of the student body are able to tell the officers their ideas for Kiski Area, which will then be presented to the building committee. The officers for the 1997-98 school year are President, Adam Rossi, Vice President, Jodi Jarmul, Secretary, Jessica May, and Treasurer, Sarah Frederick. As you can clearly see, the junior class officers play an important in running the junior class at the benefit of the entire school.

yipes, stripes

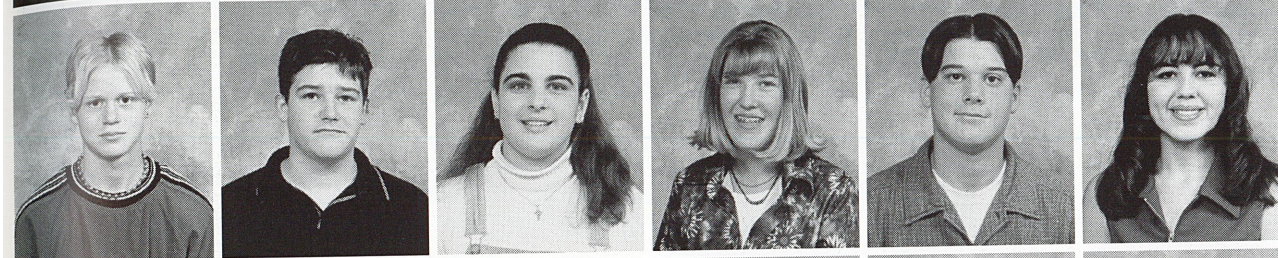

It seems like everywhere you look in the halls lately someone is wearing them. They even seem to be creeping up on the sleeves of shirts, too. What is this newest rage at Kiski? Adidas stripes, of course. They are turning up in almost every student's closet, especially in the form of running pants.

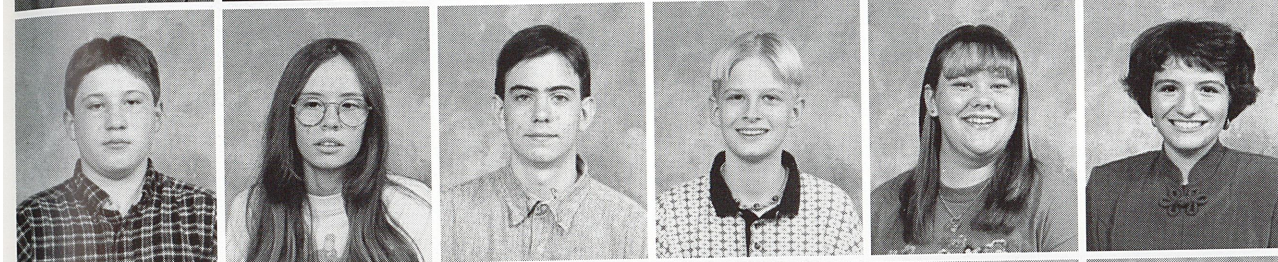

What makes these pants so popular? Sophomore Julie McIntyre says, "They are so comfortable and they look good, too." Jenny Kuruc agrees, "I like them because they are so comfortable. I also wear them to swim practice." Kelly Moreth adds, "I can be comfy without looking scuzzy." Adidas wear seems to be one of the few fads that has had year long staying power here at Kiski.

beyond^{the}basics

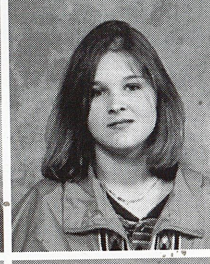

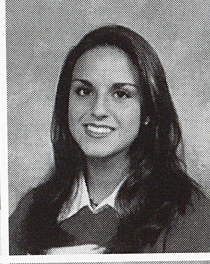

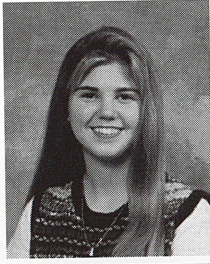

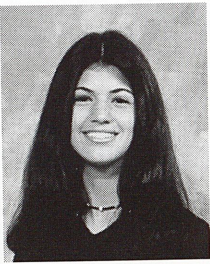

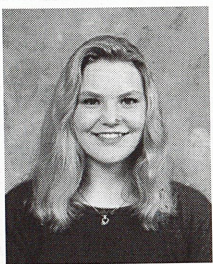

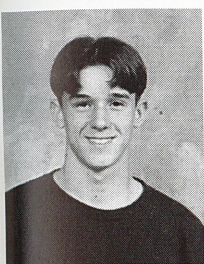

ABOVE: Cody Noga admits that his golden blond highlights aren't natural. **RIGHT:** Jennifer Antal goes for a dramatic look with only two streaks along her face.

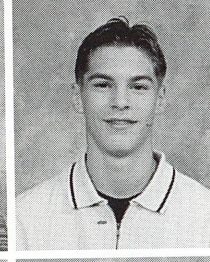

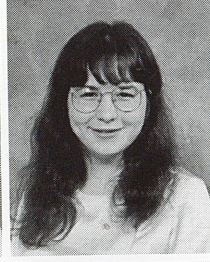

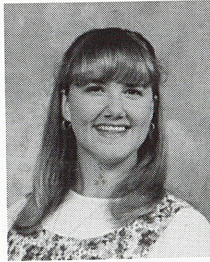

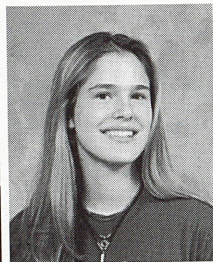

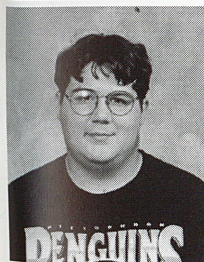

Tired of your same old 'do? Students at Kiski are solving the problem by resorting to the ever-popular bottle of hair dye. Members of both genders pick radiant blonde as the color of choice. Some dye jobs are more obvious than others. Kristan Weber comments, "My hair was always blonde. The natural color started to fade so I dyed it back to the original color."

Everyone has a different reason for jumping on the bandwagon. Zach Ruffini brightened his already blonde tressels because two of his friends also did. Cody Noga says, "It was just something different."

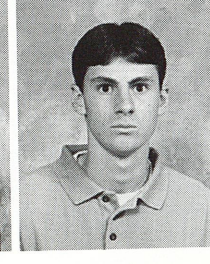

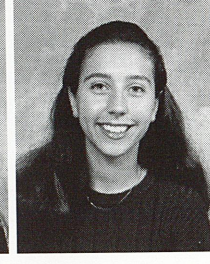

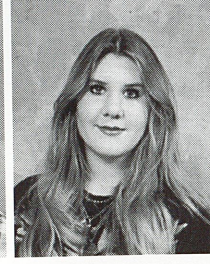

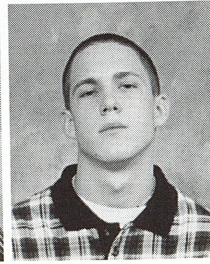

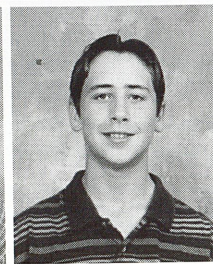

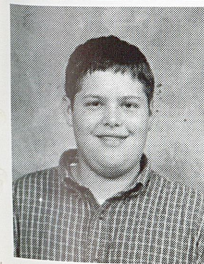

Whether bored with your own color or just restoring its natural glow, blonde seems to be the hot trend this year.

sophomore officers

Class officers play an important role in co-ordinating many special events throughout the school year. Every fall, students elect whom they feel will best represent their grade. The sophomore class officers for the 1997-98 school year are Justin Bieranoski, President, Josh Kiley, Vice-President, Kelly Moreth, Secretary, and Sara Campbell,

Justin collects tickets for the Friday assembly, a Kiski vs. Fox Chapel wrestling match.

Treasurer. The sophomore class officers help out fundraisers, such as the Harvest of Pennies, and organize the Freshman - Sophomore Dance held in the spring. They also collect class dues from freshman and sophomore homerooms. The officers put forth their time and effort to make the school year a success.

.....true blue.....

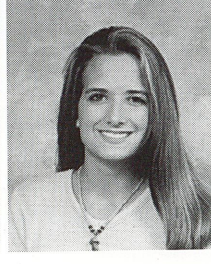

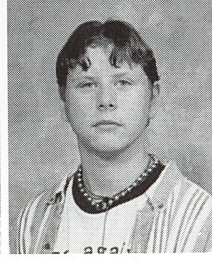

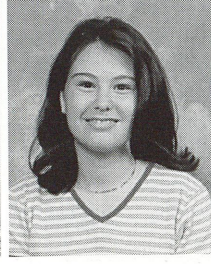

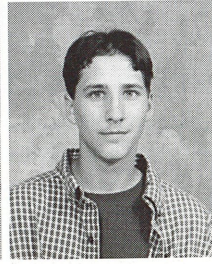

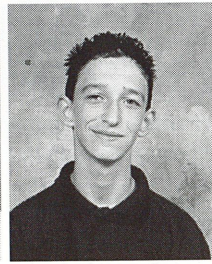

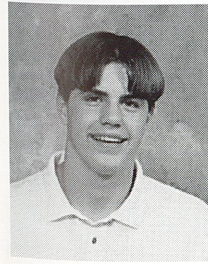

What is the one article of clothing you wear most? To many people the answer would be jeans. They go with almost anything, and they're always in style. People have been wearing jeans for decades. In the 70s it was bell bottoms; in the 80s jeans were stonewashed and pegged. What about the 90s? Looking around Kiski you can see that there are a lot of different styles of jeans. Freshmen Natalie Plescia and Megan Ferris both like flared jeans. Megan says they are "comfortable and you can wear them with anything." Natalie adds, "Plus they are kind of tight so they keep your legs warm in the winter." Travis Magee and Joe Thimons have a different opinion. "I like baggy jeans, like Tommy Hilfiger. They're big and give me more room." Joe agrees, "Big jeans are more comfortable. I hate when guys wear skin tight jeans. That's disgusting." Jeans, no matter what style- big, tight, flared, or straight, are a matter of self-expression at Kiski.

fresh ...man officers

LEFT: Mark Moran's love of talking may be the key to his popularity and success as a class officer.

"Being a class officer takes responsibility, leadership, and dedication - but it's worth it." This sentiment from freshman class treasurer, Jen Szymczak, defines what it means to be a class officer. It is an honor placed on select individuals who possess the qualities that the student body feel would make their high school years a success. Along with Jen, the 1997-98 freshman class officers include Lindsay Katora, president, Mark Moran, vice president, and Nick Brady, secretary. During their freshman year, the officers are basically learning the ropes and becoming prepared for future years of leadership. Secretary Nick Brady seems to feel that the rewards far outweigh the work that goes along with his position. He remarks, "We are the few, the proud, the Student Council members."

Heads of the *class*

Each year Kiski undergoes change. Freshmen enter the high school and the seniors say good bye. This happens every year, but the students are never forgotten. The behavior of the graduating class leaves an impression on the entire school. Students, teachers, and faculty members are all affected in some way by the actions of the senior class. Kiski Area is lucky to have such a wonderful group this year. The seniors have made the 1997-98 school year special for everyone. They participated in every activity the Kiski has to offer and were active in the community.

The three principals, Dr. John Shaner, Mr. Ron Brozovich, and Mr. Larry Steuart, agree that the Class of 1998 is highly involved. Their feelings are expressed by the statement, ***"We feel that the senior class is providing good leadership to the school, and that they perform well in all activities. Each student has the potential to be successful after graduation."*** Looking back, the qualities of the class are all-encompassing and bring a great deal of pride to Kiski Area High School. -MM

Teacher *Mr. Trunzo* OF THE YEAR

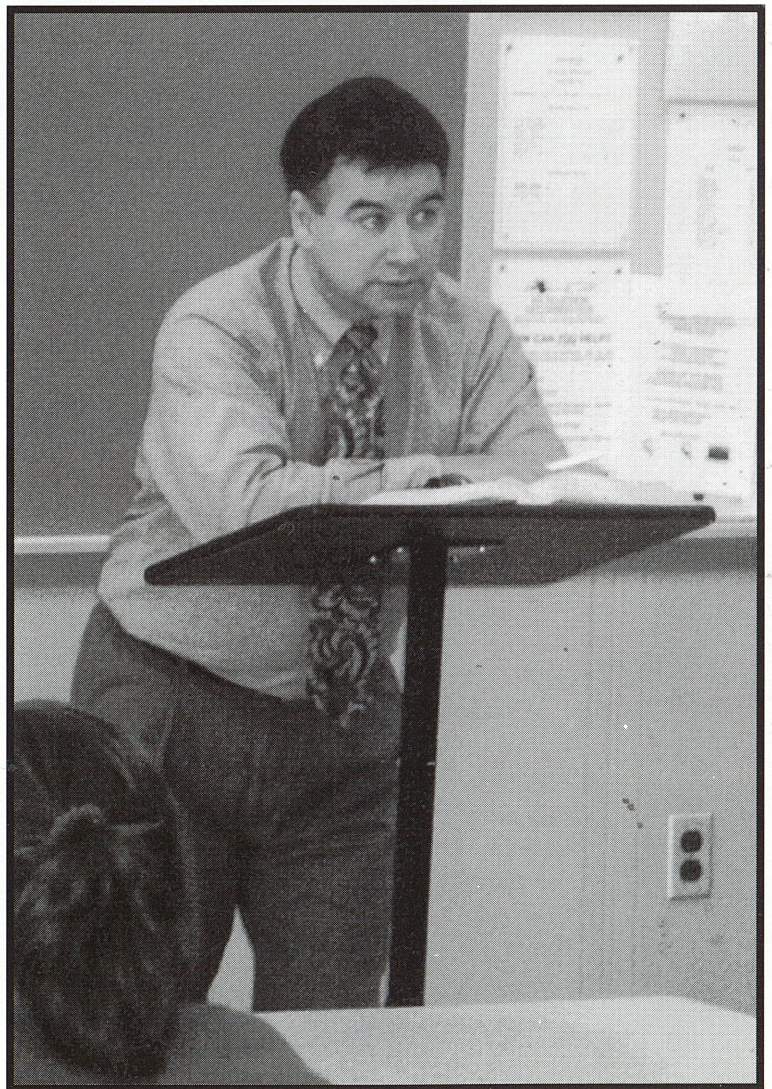

Funny, exciting, enjoyable. Most people would not choose these words as descriptions of an English class. However, the students of Mr. James Trunzo might, considering that they voted him 1998 Teacher of the Year. Mr. Trunzo says that he has been teaching too many years, but he is still bringing laughter to the Creative Writing, Accelerated Junior English, Juniors' Honors English, and Senior Academic English student of Kiski Area High School. Perhaps one of the reasons he is so well liked is because of his constant enthusiasm during class. Whether explaining a novel or transforming his yardstick into an imaginary rifle, Mr. Trunzo never loses the attention of his students.

His qualities don't stop there, though. Mr. Trunzo's encouraging attitude is another wonderful trait he possesses. He is slow to criticize and quick to praise his students. Mr. Trunzo notices everything from 100 % test scores and writing assignments to a frequently raised hand. He never loses energy or turns a student away from help. Mr. Trunzo is always available to talk. He jokes that the best part of being a teacher is payday, but all of his students know his imaginative sense of humor is just taking over. Mr. Trunzo secretly revealed that the real reason he loves teaching is because he gets to see students' reactions when they suddenly understand something they never thought they would.

Part of the reason Mr. Trunzo gets to experience so many student realizations is his special talent for making learning fun. There is never a lesson that doesn't remind Mr. Trunzo of a humorous story. His personality reaches out to everyone - from playing with McDonald's Happy Meal toys to explaining the correct structure of a five-paragraph theme. Mr. Trunzo's down-to-earth attitude helps all of his students realize that school does not have to be all hard work. In fact, he proves that learning can be fun. Thank you, Mr. Trunzo, for filling the minds of so many students with not only knowledge, but also with wonderful memories.

WIRED

In the past, one of the most helpful resources to any student was the library. With mountains of books, it was excellent for just about any topic. Today, the library is at our fingertips with the Internet. Since it has been installed here at Kiski, many students are exploring the possibilities of the World Wide Web.

Upon entering twelfth grade, most every senior has to do a research paper. Many use the Internet to find topics, sources, and important information. The Internet is also much quicker than any other method. A library in

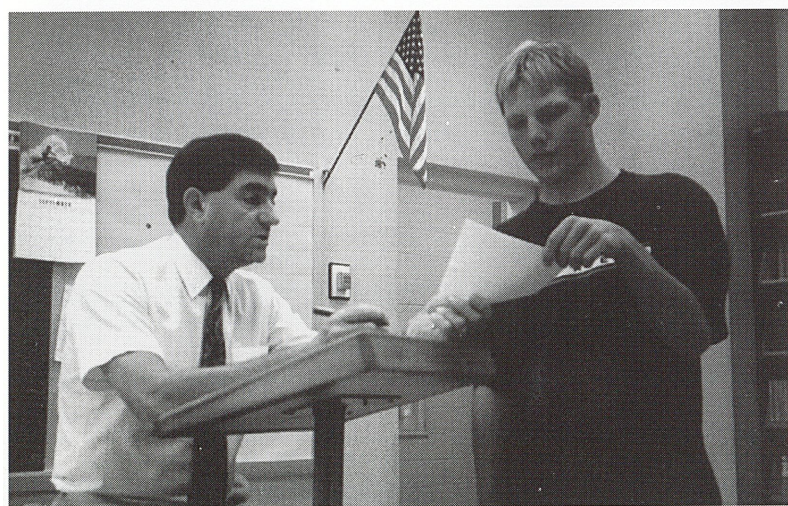

China could be searched with the push of a button.

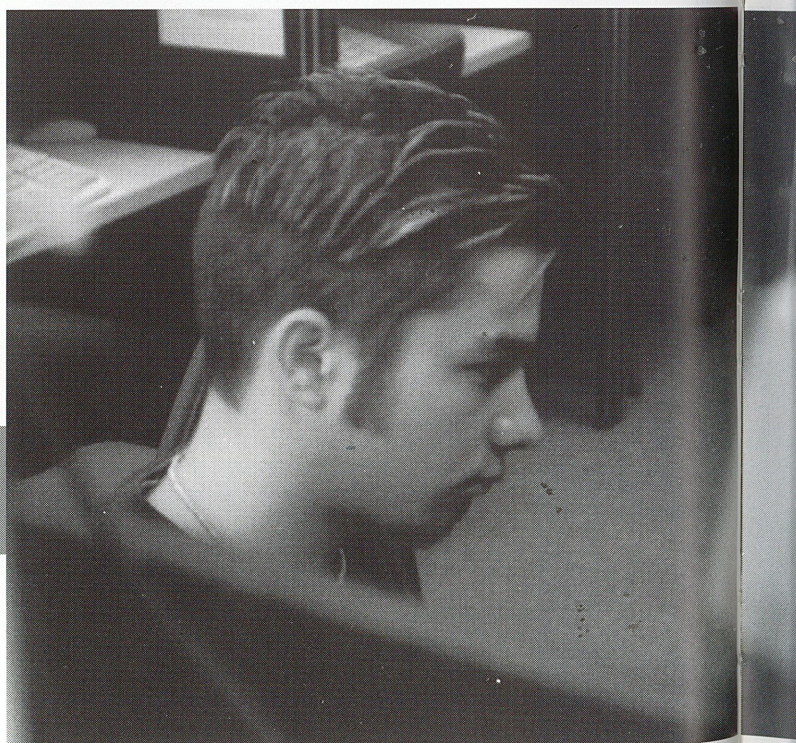

Not just seniors find the Internet useful. Many underclassmen can use the Internet for papers and speeches,

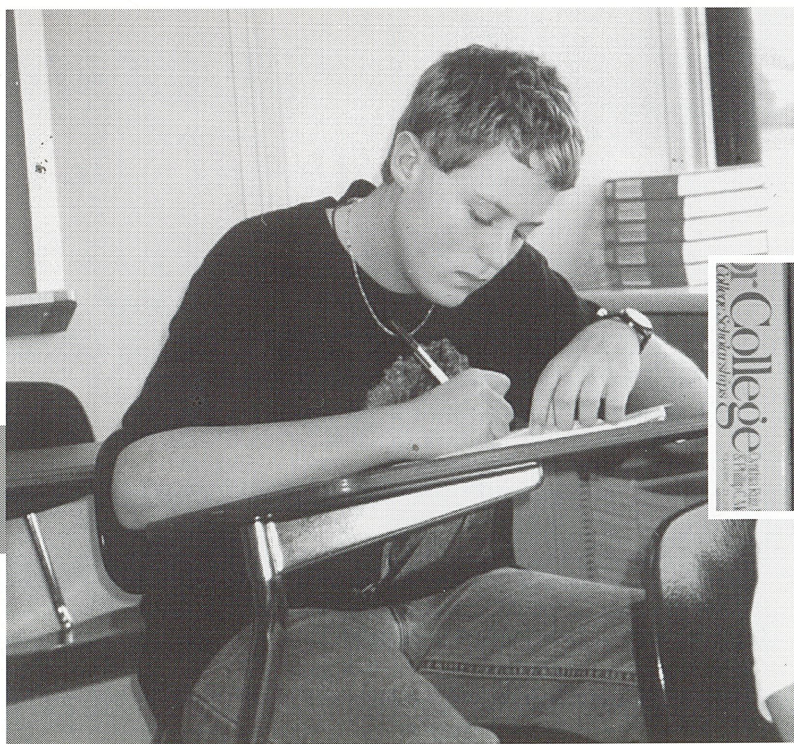

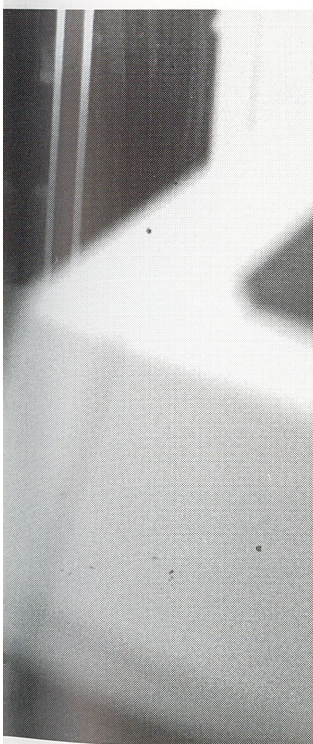

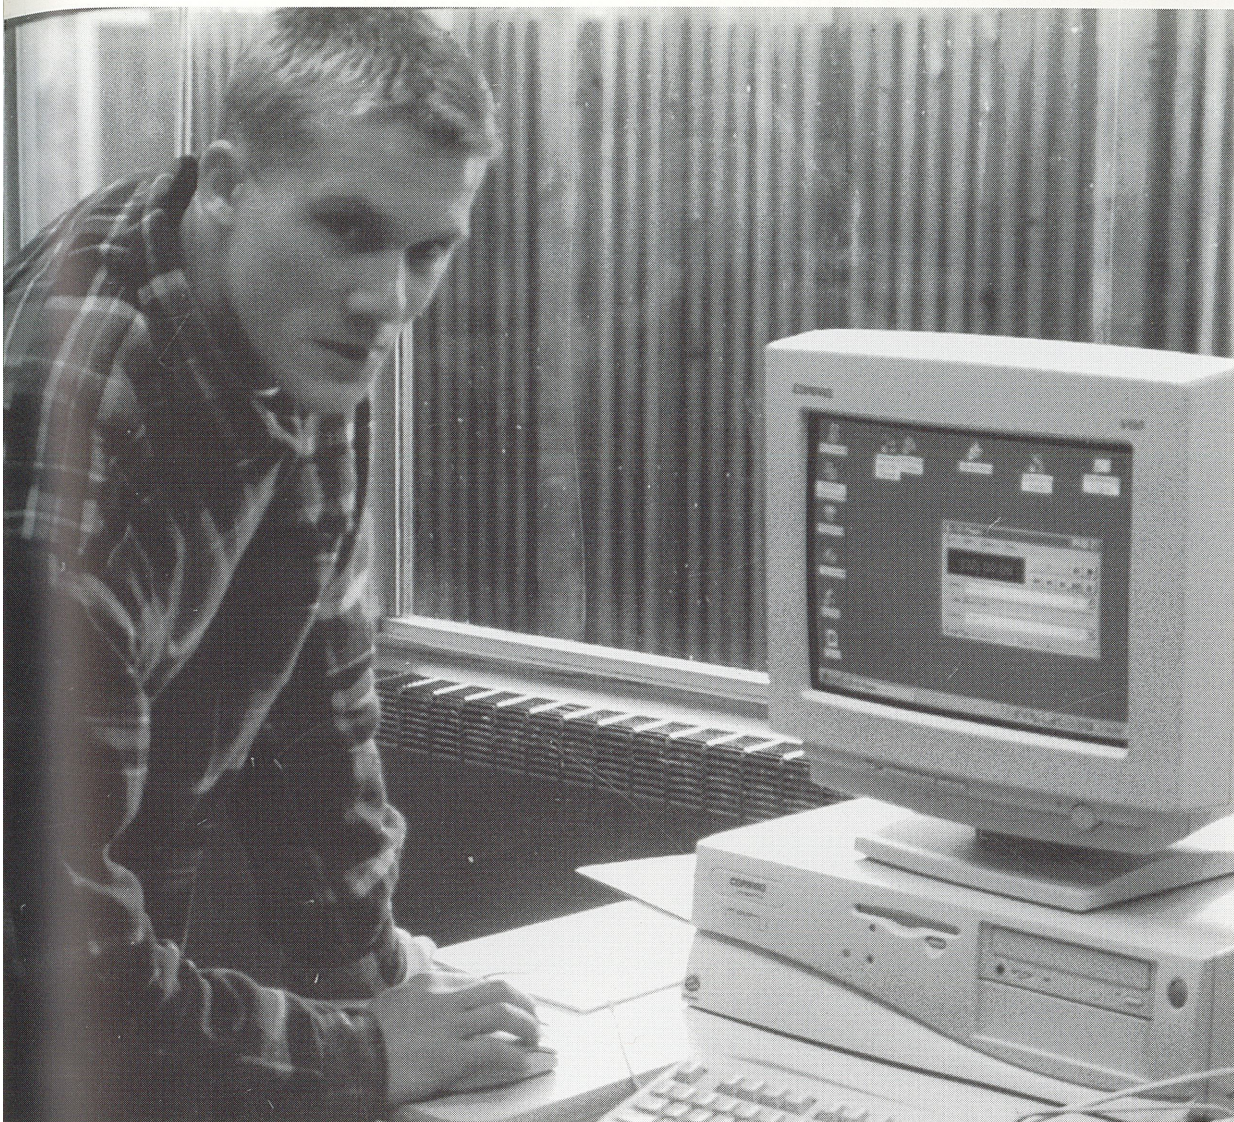

also. Most teachers require sources and the Internet provides these and much more. Instead of checking out a heavy, cumbersome book, a whole article could be printed up in a matter of seconds.

Even though our students are not allowed in the chat rooms or to explore other parts of the Internet, they find vast amounts of information in the parts they are able to search. From research papers to speeches, the Information Superhighway is an extremely valuable tool. Just ask the 25 million users that log on! -ES

Students are able to choose from a variety of fields such as cosmetology, culinary, machine technology, auto mechanics, and more. "Due to our new coach, Miss Mattu, our squad has had a tremendous improvement in our stunting and performing ability."

— Shelley Genito

Cheerleading is a sport which has been at Kiski for as long as anyone can remember and has also undergone more changes than most can remember. Kiski's cheerleading squad is in a period of transition this year due to Miss Mattu's recent promotion as the Varsity coach. Before the 1997-98 season, Miss Mattu instructed the seventh grade cheerleaders for two years and cheered herself during high school. Along with her fresh ideas that are already evident this year, Miss Mattu has further ambitions

for future squads. She says, "We are going to start making it more entertaining, more difficult routines with a lot more stunting, which is what people want to see. We are definitely going to go to more competitions provided that the squad wants to."

Miss Mattu is proud of the high goals the girls set for themselves and how hard the team works. As a member of the squad, senior Kara Zullo, one of this year's captains, is well aware of all of the hard work and dedication that come

along with cheerleading. "People don't realize that we put in just as much time and as much effort as any other sport," says Kara. She hopes that people will begin to see cheerleading for the sport that it is in the next couple of years.

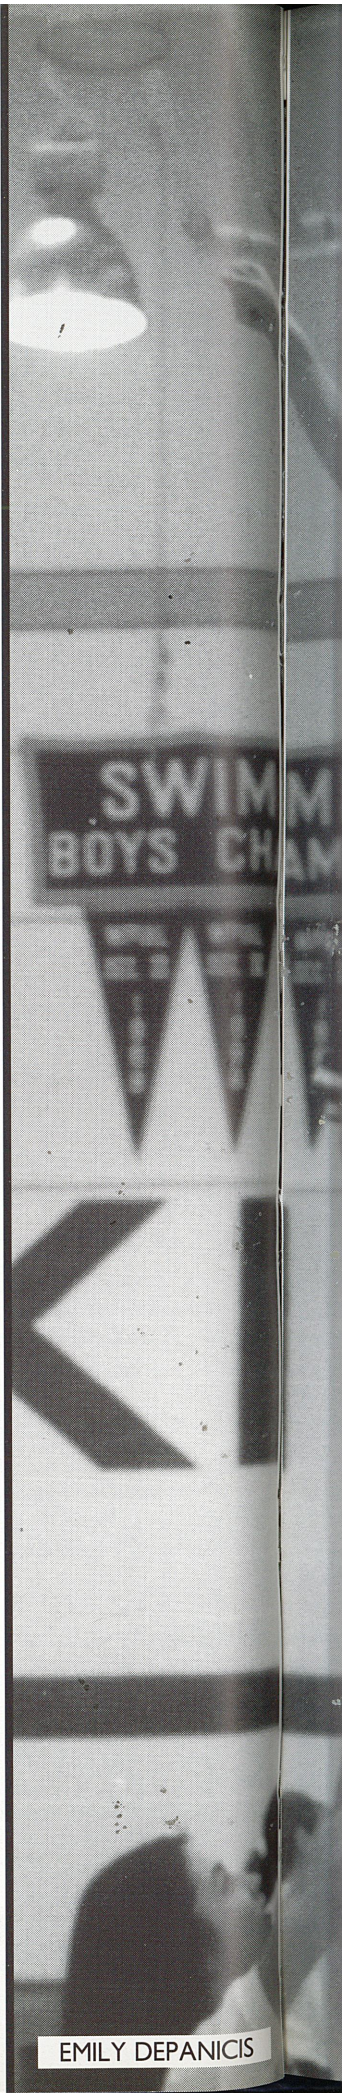

In the meantime, Miss Mattu is excited about this year's squad. "It's especially rewarding for me to see such a talented group of kids make such progress from what was expected last year versus this year."

“The team’s closeness and unity made my senior year unforgettable”

— Wendy Kengor

Once again the boys and girls cross country teams continued their tradition of excellence. Under the direction of Coach Argyros, the girls ran to an undefeated season of 8 - 0 and captured the title of section champs for the ninth year in a row. In an extremely impressive season, the boys finished 9 - 1 and were co-section champs. When asked about the season, Mr. Argyros said, “It’s nice to see a growing interest in cross country at Kiski. This was shown by having the

largest teams ever this year. I feel that cross country is a great activity to get involved in. The kids have a lot of fun.”

The boys team was led by captains Iggy Padilla and Chris Stone...and led they did. The boys far surcummed the expectations they had for the season by placing very high in the Slippery Rock Invitational. The future looks very promising for the young boys team.

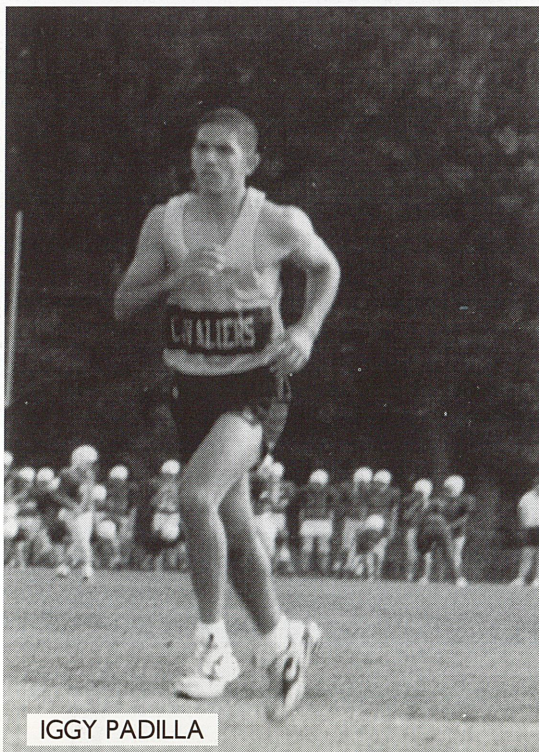

Senior captains Stacy Jastrzembski, Wendy Kengor, and Sara Raschiatore were the core of

the girls team this year. Along with being section champs, the girls won the Westmoreland County Championship, were WPIAL runner-ups, and finished tenth at the state championship meet. Sara commented, “The team was great this year, and I’ll miss them all. Good luck next year!”

Hopefully next year determination and desire will carry these fine athletes to another strong season of running.

"Football is a physical game, and, if you shy away from the contact, you're guaranteed to lose. For all future KA football players hit the weights and work hard to get the recognition Kiski deserves. Football makes a school known."

— Vance Gunn

The record of the 1997 Varsity Football Team does not even come close to being an accurate measure of the success the team has had. The tremendous love and passion of the game that belongs to this group of young men cannot be gauged by their wins and losses: rather, it should be measured by their pride, determination, and dedication to football.

Playing high school football creates memories for everyone who

has the opportunity to take part. Each team has unique characteristics that make the season memorable. The 1997 captains, Darren Szuch, Jeff Jackson, Dave Lorant, and Chip Fox, have shown the leadership qualities necessary to keep the team in focus. Jeff Jackson says, "Even though the season was rough, I still had fun because I love football, and the team was a great bunch of fellas."

Coaches are possibly the most important ele-

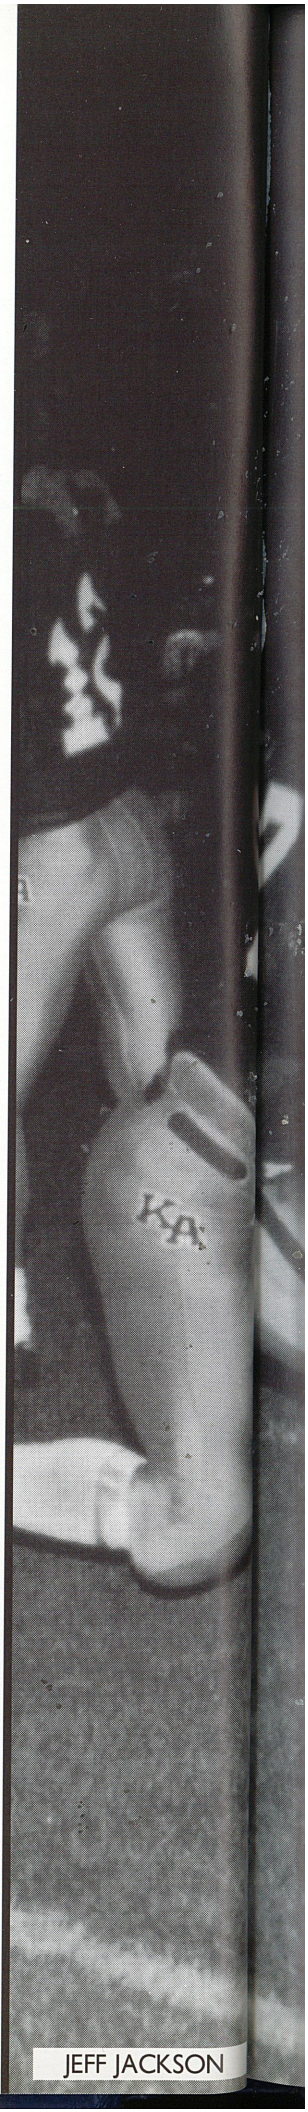

ment in a great team. They offer their help to the players on and off the field. Their concern for the players is appreciated just as much as their expertise. Senior and captain Darren Szuch says of head coach Mr. Kunselman, offensive coordinator Mr. Heater, defensive coordinator Mr. Lattanzio, and motivational specialist Mr. Early, "They were totally dedicated to the team and put all of their energy into it. I'll never forget any of them."

“The golf team had a lot of talent this year. Overall we had a very successful season.”

— Greg Klobucar

The Girls' Golf team 'raised the roof' during their first official section season. A record of six wins to nine losses was quite an accomplishment for a team that had been non-existent up until last year. Led by senior captains Kristi Helfer, Michelle Thimons, and Lexy Toy and coached by Rich Motura, the girls achieved a high level of success. All three captains advanced to qualifiers. Senior

Lexy Toy said that the girls "worked hard, but, more importantly, we had a lot of fun."

1997 was a very successful season for the Boys' Golf team. Coach Vesilicky along with senior captains Matt Answine, Tom Haluscak, and Greg Klobucar drove the team to work hard. The hard work was rewarded at the end of the season. The boys ended the fall with a record of eleven wins to

three losses. Senior Greg Klobucar even went on to compete in the State Championship at Penn State. Tom Haluscak felt that the team had a very productive year. "We had a lot of good teamwork. Although we will be losing a lot of seniors, we have a lot of younger players who will be able to step up. It looks promising."

The clichéd words "hard work" and "determination" do not even begin to cover the abilities of the members of the soccer teams.

The boys' soccer team endured incredibly trying conditioning sessions under the hot, August sun, all with the goal of building their strength and endurance for games and tournaments. With the guidance of their coach, Mr. Heder, the KA Boys' Soccer team had a successful season. No matter what their record

reflects, the boys' abilities far exceed any mass of numbers. Senior captain Sean Arnold summed up the season perfectly by saying, "We had a fun year. We weren't the best team, but we had the heart and dedication. That's all that mattered"

Last, but certainly not least, the KA Girls' Soccer team worked equally as hard as the boys. Led by their coach, Mrs. Cignetti, the team caught fire. Not only did their performance and co-operation im-

prove with every game, but the players also formed friendly bonds off of the field. After the season ended and the uniforms were put away, the fire still did not die. The girls had a great many reasons to be proud of themselves. Junior player Lisa McLafferty commented on the girls' team, "We worked really hard this year. We all got along and gave 110% to our sport. I think it was a great season." Lisa is definitely correct.

After losing over half of the starters from the 1996 season, the Kiski Area Girls Tennis Team slowly rebuilt itself for the fall. In the words of one of the senior captains, Liz Rupert, "The girls all worked hard, and many accomplishments were made. When a team is in a section with state ranked players, success is not always represented by your record." With the help of their coach, Mr. Antenucci, the girls were driven and unstoppable. Their season starts earlier than most fall sports. The girls

have spring practice in May and June, then come back to the courts in August for pre-season workouts. Along with Liz, Kristin Yakulis, senior, was also a captain for the 1997 season. Their leadership skills and each girl's individual talent gave everyone involved pride in the success of the team.

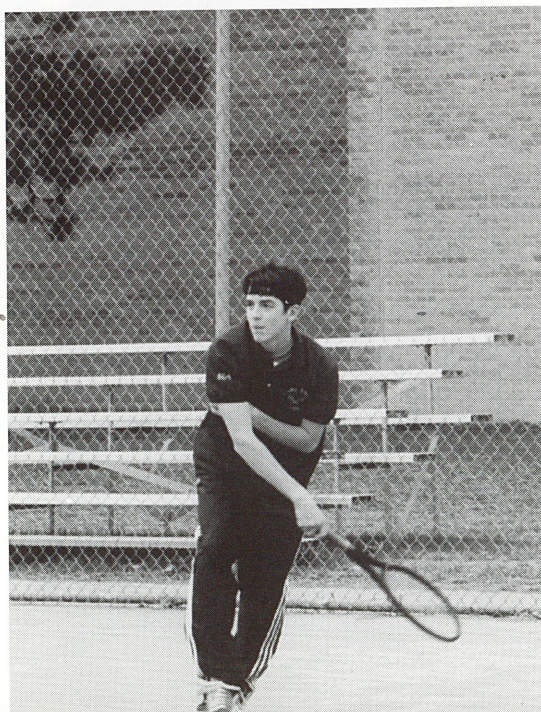

The boys tennis team was equally outstanding. Beginning in March, those grueling practices started again and really paid off in the long run. The boys' coach, Mr. Santia, said, "I hope that we can do as well as

we did last season. We've lost key players, but the underclassmen came off from good seasons. I hope we can continue with the gradual improvement we've been seeing because of the hard work the players put in."

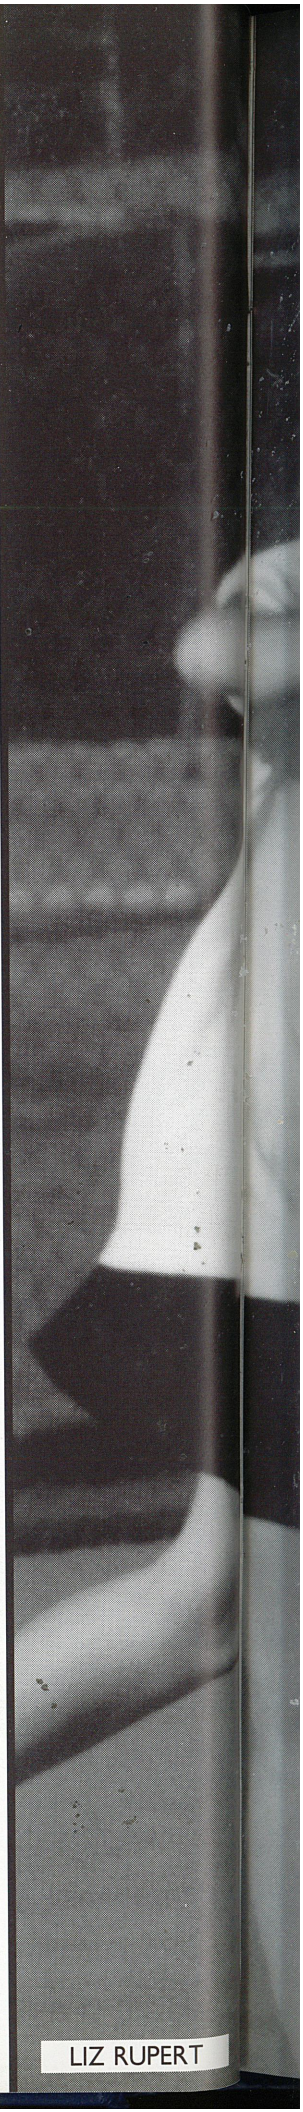

Returning starters from last spring are expected to be seniors Alan Baybrook and Pat Coulson, junior Tom Dawkins, and sophomores Dan Mastangelo and Mike Rinaldi. The tennis team is showing no signs of slowing down their momentum.

"We did it!"
The 1997 Girls Volleyball Team finally accomplished their goal of winning a pendant for the gym. The girls quest was completed by capturing the title of co-champs with an outstanding record of 11-1.

The title came with a lot of hard work. Starting August 11th, the team had three weeks of intense pre-season workouts from 8:00 A.M. to 4:00 P.M. The

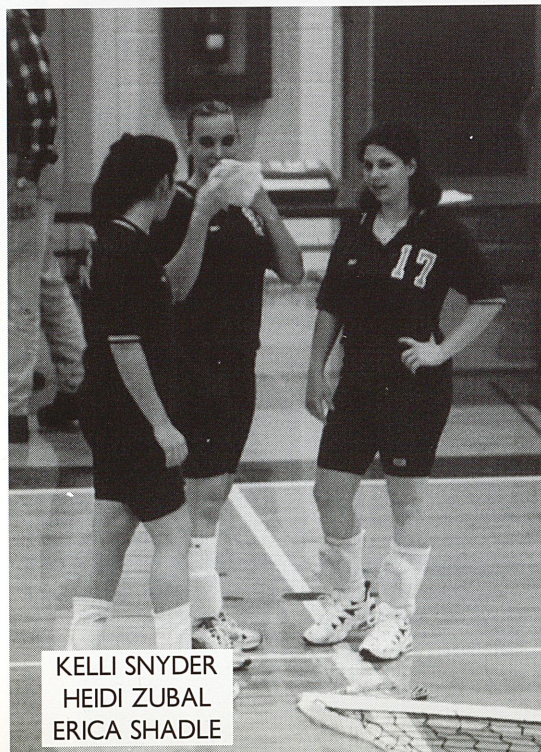

girls also had to participate in Saturday tournaments. All of the dedication and sweat paid off in the end. As Erin Arnold, a varsity middle hitter, said, "The best thing about the season was that we improved every single game. That was more than we could have hoped for." Suzanna Klingensmith was one of the three seniors who made a very important part of the varsity team. She sa-

id, "My senior year was great. We finally won that flag we had been hoping for."

Heidi Zubal, a junior varsity middle hitter, summed up the season when she said, "The fact that the team bonded on and off the court was what really helped us win the section. WAY TO LET THE BOMBS DROP, GIRLS!"

• KA TRAINERS •

Training has been a part of Kiski athletics about as long as the department itself. Though training is not as well known as most of the sports, it is a key part of Kiski's athletic teams. Trainers keep an eye on the matches and games and are always willing to help an athlete or make the conditions more comfortable.

1997 is sophomore Heather Lovely's first year as a sports trainer, but she already knows the routine. Heather has worked with football this year, then soccer, and now attends swimming and wrestling matches. She says, "You have to be a certified trainer to go to tournaments and matches. I have my CPR card and sports training card."

Obviously, a lot more work than meets the eye goes into being a trainer. They not only have to be at every game and match, but they also have to be certified. Heather's thoughts on being a trainer are, "To be a trainer takes a lot of hard work, a lot of freetime, and a lot of patience." Kiski trainers are sure to continue to excel and be recognized for their dedication to others.

"It was a great team effort. The seniors really played awesome and so did the underclassmen. The fans were SUPER! GO KISKI KRAZIES!"

— Matt Molinaro

As the basketball soared through the air, the "Kiski Krazies" held their breath..... SWISH! The shot was made, and the crowd roared. The boys basketball team certainly deserved the cheer; the boys rebounded from their 1996 season to make the playoffs in 1997.

Expectations are high for the 1998 season. A good start always boosts confidence, and the team is definitely having a great start. Coached by Larry and Dennis Ru-

pert, the boys have won their first eight games. The players are very optimistic. Matt Molinaro, senior and captain, said, "The team is really playing well together, and, if we keep this up, we should succeed in the playoffs." Matt's success is to go far beyond playoffs; he plans to continue playing the sport he loves in college. Another captain for 1998 is senior Nevada Smith, who is welcomed back this year after an injury prevented him from playing last season.

As a whole, the team has just the right combination of offensive and defensive skill.

The boys, who juggle practice time for the gym with the girls teams, are putting their hearts into making the best out of each practice. They credit tough workouts for preparing them for the intensity of basketball. The positive attitudes and teamwork among the players make this team stand out from the rest.

“This year everyone worked hard and gave 110%. We were not only a team but a family.”

— Kristi Helfer

How many times have you heard loud yelling coming from the Gymnasium? If you have, the noise might have been the legions of fans cheering for Kiski's Girls' Basketball team at one of their games.

Senior Captains Stacy Jastrzembki, Dayna Shelkey, and Kristi Helfer are leading the team to a winning season. Underclassmen, such as April Smith, are also holding starting positions. The depth and experi-

ence of the younger girls increase the strength of the team for years to come. For four months, the girls endure difficult practices and tiring games. The team, though, always shines, displaying the wide range of talent each girl brings to the sport. Their coaches, Mr. Pipkins and Mr. Lucchino, put in many long hours during the course of the season, helping the girls with everything from lay-ups to foul shots. The instruction and

cheering the girls receive from both coaches is valuable to their development as top-notch players.

Senior Captain Stacy Jastrzembki adds, “We had a lot of talent on our team. We worked very well together. We put all of our effort into the season, and I think it showed.” The effort does show; just ask the fans.

"Splish, splash, I was taking a swim!" And swim they do with speed and endurance. Each day the Kiski Area Boys' and Girls' Swimming and Diving teams have intense practices in hopes to meet personal and team goals. Whether the goal is to swim a best time or qualify for WPI-ALS, they are all important factors in the success of the team.

So far in the 1998 swimming and diving season, the team is three

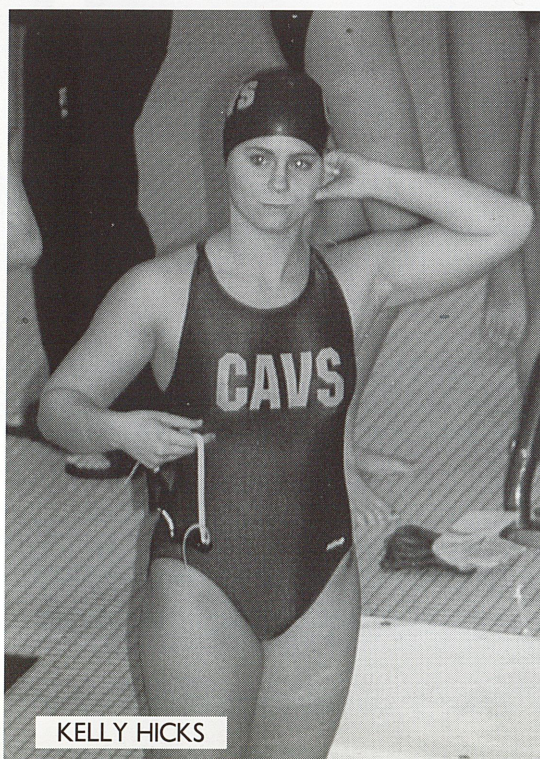

to three in exhibition meets. The members of the team promise more victories for section meets and a winning season. Teammates and fans alike agree that the team is going to be at the top of the section.

The girls' and boys' swimming and diving teams contribute their success to team togetherness during meets. The members chant and cheer for one another to psych up everyone. Led by senior captains

Melinda Ruggeri, Alison Lamont, and Erin Wright, the girls' team has great success and fun season after season. The boys' team has captains Morgen Pisone, senior, and Dave Dobrosky, junior. The teams are coached by Ms. Braun, who comments, "The boys' team is growing in size, and the girls' team has many outstanding and talented athletes." Good luck to the team for continued success!

PINNING *for* POINTS

“Hard work and dedication are key to success in wrestling. Thanks to Mr. Tursky we are familiar with these elements.”

— Joe Chirafisi

The 1996-1997 Varsity Wrestling season is not soon to be forgotten. The team's undefeated streak continues with a record for the past season of eighteen wins to zero losses. The boys consistently dominate their oponents, winning by forty plus points in eleven out of eighteen matches for the 1997 school year.

The wrestlers beat McGuffy to win first place and come home with the WPIAL Championship. A few wrestlers even had

the honor of advancing to the State Championship.

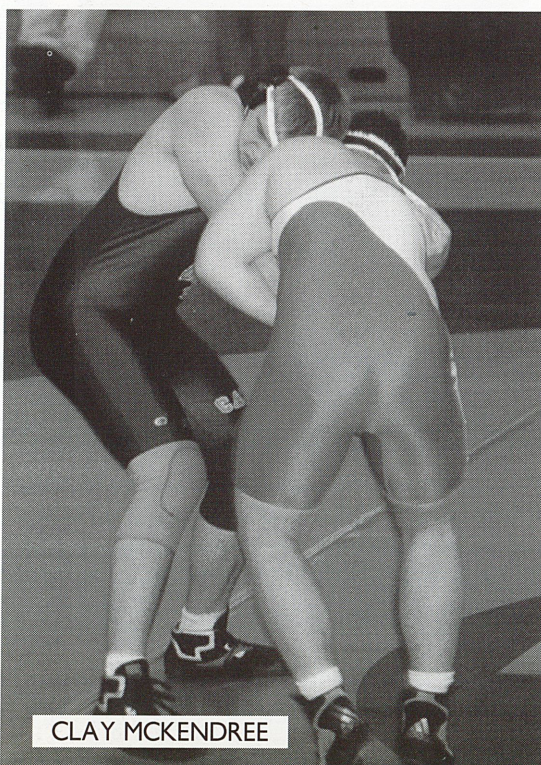

The 1997-1998 season is underway, and the Enforcers undefeated in section matches. The streak is almost taken for granted and expected to continue by everyone at Kiski. Led by Coach Tursky and Coach Heater, the wrestlers continue to be one of the most feared teams in their section. Senior captains Joe Chirafisi and Eric Holman are the

student leaders of the team. Both have had highly successful careers as varsity wrestlers at Kiski. Joe, in fact, is ranked number one in Pennsylvania for his weight class.

The Kiski Area Varsity Wrestling team is known for hard work and dedication. They are consistently among the most successful athletic teams at Kiski, and the present season is sure to be no exception.

"The guys on the team were great, and everyone got along well. Everyone played hard and the team was very competitive."

— Jeff Jackson

The baseball team swings into action every spring and usually ends with a winning season. The boys condition all year long with the motivation of earning a starting position come spring.

Their games began in March last year, and, at the end of the season, Coach Mr. Jewart had led his team to a winning season. The record for the team of Spring 1997 was eleven wins and six losses. Mr. Jewart commen-

ted, "I thought they played well."

The team missed the playoffs by one game and one point. They were short just one run in their game against Valley. Junior B.J. Swartzlander said, "We has a really good team last year. We missed the playoffs by one play. We look forward to next year. I think we will be a real contender in our section." Even though the baseball team did not make the playoffs,

the boys did take third place in their section.

The baseball team deserves a great deal of credit and recognition for the ambition of its players. Top seniors include catcher Jeff Jackson and pitcher Carl Thomas. Jeff is planning to continue his baseball career at Clemson University.

The boys are prepared to dominate the section with the team's depth in all aspects of baseball.

The Kiski Area Girls' Varsity Softball team is known for being aggressive and competitive. Led by Coach Dianne Haney, the girls finished the 1997 spring season with thirteen wins and only five losses. The team's hard work took them to the playoffs, but they were not successful.

At the end of the 1996 season, the team lost four senior starters, but the younger girls came back

stronger and better than ever. With the loss of senior starter Missy Mornes, the team badly needed a catcher, and her departure marked the beginning of Dayna Shelkey's spot at the crucial position. Dayna, a veteran of the team, showed her versatility as a softball player by taking control behind the plate. She and many others were slated to return for 1998.

The Most Val-

uable Player for the 1997 Girls' Varsity Softball team was then senior Mandy Bowman. Her teammates and coaches felt she truly deserved the award because of her great talent as a batter, pitcher, and second baseman.

The Varsity Softball team definitely does not lack talent or determination. With the 1998 season nearing, expectations are high.

"I really like the fact that it is both an individual and team sport. Everyone is out trying to better their marks, and it helps the team as well."
— Amy Jarmul

The desire for victory and dedication carried the boys and girls track teams to success last season. Through grueling workouts the runners, hurdlers, jumpers, and throwers accomplished many feats.

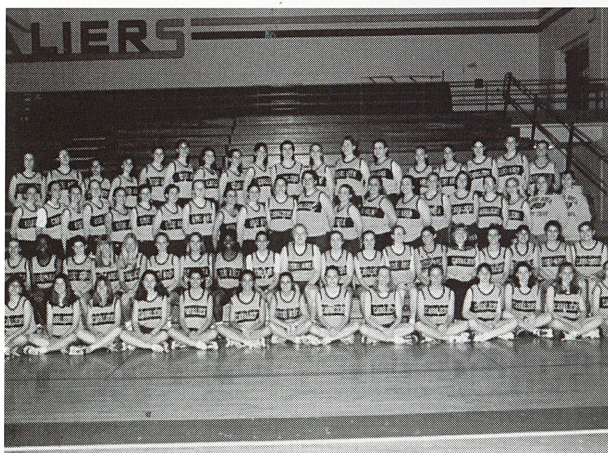

Coached by Mr. Halli, the 1997 girls track team ran, jumped, and threw its way to an undefeated season and captured the section title. Mr. Feudle and the boys team were

co-section champions. Also coaching was Mr. Argyros, who feels that the coming team will have the ability to accomplish similar goals as last year's group. The success of the previous team set up a tough challenge for the 1998 team.

Both the boys and girls teams made the playoffs; the girls continued to advance to WPIAL finals placing third in a strong showing.

Another amazing achievement was the girls 4x800 relay consisting of Amy Lion (97), senior Stacy Jastrzembski, senior Sara Raschiatore, and junior Katrina Kozarek. The girls finished sixth in the PIAA State Championship.

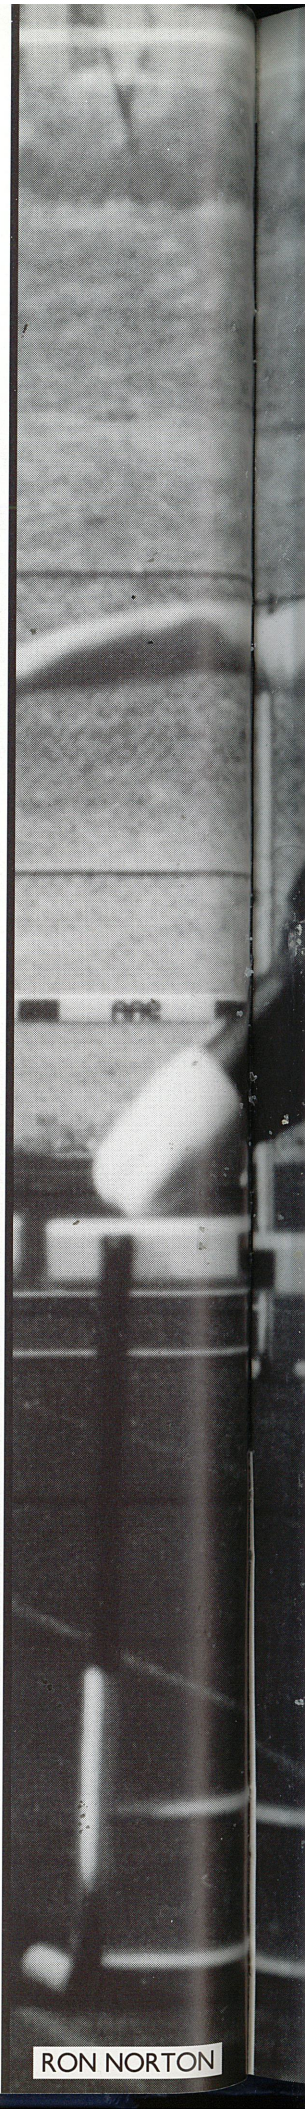

The noteworthy results of both teams could only be achieved by such talent that Kiski track athletes possess.

Once again, this year's Student Council has outdone itself. It seems as if each year the group finds ways of improving the already terrific program. Under the supervision of Dr. Pipman, Student Council does many activities to provide the students of Kiski and the local community with a fun, eventful year. Some of the Student Council's most popular projects include the Harvest of Pennies, the Halloween Coffeehouse, the Prom Fashion Show, and the King of Hearts among many others. Not only does the group do projects for the school, but the members of Student Council also devote much of their time to help the Salvation Army. The 1997 telethon has raised

BETTER

more than \$17,000.00, a new high. The Student Council depends on dedicated students to find ways to raise money for the telethon. The fundraising projects include auction fever, raffle rally, and a bake sale.

The Telethon committee also visits local businesses to ask for donations. Chairperson of the telethon, Jodi Jarmul, sums up her feelings about Student Council by saying, "I think that Student Council is a great experience. It teaches you responsibility, and it makes you feel good knowing you helped other people." This year's Student Council has definitely proven to be both responsible and helpful.

"Objection, counsel is leading the witness." No, this is not the O.J. Simpson trial. It is a typical quote from a Mock Trial practice. The Mock Trial Team has been in existence here at Kiski for about ten years. The team, coached by Mr. Ronald Norton, is composed of twenty seniors, juniors, and sophomores. But what is Mock Trial?

In Mock Trial, schools across the country compete at the county, regional, and national levels. A case is written by professional lawyers for the teams to argue in an actual courtroom. Student lawyers and witnesses are chosen for both sides of the case.

of the case. Rather than decide the verdict, the jury awards each team points for their performance to determine the winner.

Kiski's team plans to defend its county championship title as they have for the last nine years. Mr. Norton feels that this year's team has a good chance of qualifying for the state level in 1998. The team is also enthusiastic. Karén Scott said, "Mock Trial has been the best experience of my high school years. Not only is it fun, but it teaches you a lot about law." One thing is for certain; the Kiski Mock Trial team is leading the competition.

Students at Kiski frequently hear about the victories of the sports teams, but rarely do they learn of the many accomplishments of other activities. The Kiski Area Math Team, led by Mrs. Scales, is one such group. They are participants in the Strongland Interscholastic Mathematics League and are also competitors in another division with Franklin Regional and Woodland Hills.

To prepare for the meets,

Students practice each week. They work on practice sheets and take qualifying exams to determine for which team they are eligible. The practice pays off in top scores at the monthly meets. The Kiski Math Team holds the traveling trophy from the Strongland competition for their first place victory in 1997. The success of the team is leading the way to greater recognition for academic activities.

A new club was formed here at Kiski during February of the 1997 school year. It was named Differences, the Multicultural Club. For 1998, the club has been sponsored by Ms. Maria Vagionis. She felt that there is a need to celebrate cultural diversity and create awareness. A cultural fair held in May allowed students and faculty the chance to find out more about Multicultural Club. Members of the club brought in information about and food from the culture they chose to represent.

The members of Differences also

changing THE WORLD

traveled to Penn State to hear a lecture on other cultures. The speech focused mainly on India and Saudi Arabia. Junior R.J. Staley commented, "I thought it was very interesting to learn about other cultures."

The Multicultural Club also devoted its energy toward public service during Christmas time. The members helped the Salvation Army by collecting cleaning supplies, toiletry items, and tree decorations.

Membership in the Multicultural Club is strong and growing. The club is proving to be a lasting trend.

Have you ever heard the name Internet Club and wondered exactly what it is? Well, wonder no more. The 1998 school year is the marker for the first Internet Club, which is led by Mr. Dudzik. The club is composed of ten members, ranging from grades nine through twelve. The members are selected by Mr. Dudzik from among the students in his computer programming classes. The club teaches its members to be able to program in HTML and JAVA. The goal of the Internet Club is to expose

WORLD WIDE web

the rest of Kiski Area High School to the possibilities of the world wide web. Junior Joe Caligiuri has this to say about the club, "Learning HTML has helped me in building my own home page. The club is a great learning experience because it teaches you more about computers and the Internet."

So far, the Internet Club is off to a great start and is making an impression on the entire Kiski community. The club hopes for expanded projects and future success are sure to be answered.

On November 21st and 22nd, students of Kiski Area High School performed and produced *Barefoot in the Park*, a play written by Neil Simon. The actors assimilated the roles of the comedy about the love and hardships between a newly wed couple. The cast of the play included Kara Zullo and Katrina Kozarek as Corey, Jeremy Burkett as Paul, Lexy Toy as Mrs. Banks, Brian Mook as Victor Valasco, and Gina Hall as the tele-

phone installer, and Shavon Scrima and Wes Mayles as the delivery person. *Barefoot in the Park* was directed by Miss Slater, an English and Theater teacher at the high school. All of the cast members said they had a great time, and the play was a wonderful experience. The resurgence of drama at Kiski was helped by the enthusiasm and talent of everyone involved with *Barefoot in the Park*.

Kiski's choirs have always been outstanding, and for the 1997-98 school year another excellent ensemble has been added to the group. Kiski still has the Ninth Grade Chorus, Concert Choir, and Chorale, but there have been some changes in the department. This year, the Tenth Grade Chorus was eliminated and replaced with Women's Choir, composed of all sophomore girls. Mrs. Ellen Rupert, director of all of the choral groups, attributed the change to the Academic Scientific curriculum. The course schedule of

those students in the curriculum drastically reduced the number of boys able to participate in chorus. As a result, Concert Choir now has boys from tenth through twelfth grade, along with junior and senior girls. Chorale is also made up of sophomores, juniors, and seniors, both male and female. Students are placed in Chorale only by audition. All in all, Kiski's choirs have maintained a high quality, and, with the addition of the Women's Choir, they are continuing past success.

music dance, & MARCHING

Going through the back parking lot on a hot August day, you will probably see one of the most dedicated groups Kiski has. That award-winning group is the Kiski Area Marching Band. Every day for the last two weeks of August, the instrumentalists and auxilliary members practicing from nine in the morning to four o'clock in the afternoon. For 1997 they worked very hard in preparing to perform their *Broadway Show*. In the past years, the marching band has

brought much honor to the school by winning first place in Nationals and Regionals. The group traveled West Virginia University this year to compete against thirty bands in regional competition. The band came home with yet another victory, placing first in both class AA and in the overall ratings. Brandon Cochenour, assistant drum major, best summed up the season by saying, "We had a very successful and rewarding year."

THE STUDENT STORE

The Student Store, otherwise known as Kiski's K-Mart, has an oasis of items that students often find themselves needing or wanting. Upon entering the Student Store, one's eyes fall upon shelves filled with Kiski apparel, boxes of gum and candy, and among these novelty

item - writing utensils, notebooks, and whatever other school supplies a student's heart may desire. The store is run by manager Heather Hayes under the advisement of Ms. Manganello. Ms. Manganello says, "The 1997-98 school year is our best one ever, and that is due in large

part to Heather Hayes. She is one of the best student managers I have ever had." Due to Heather's efficiency, the store has continued its trend of getting bigger and bigger. She has helped to make this year's student store a great success.

THE BUDDIES

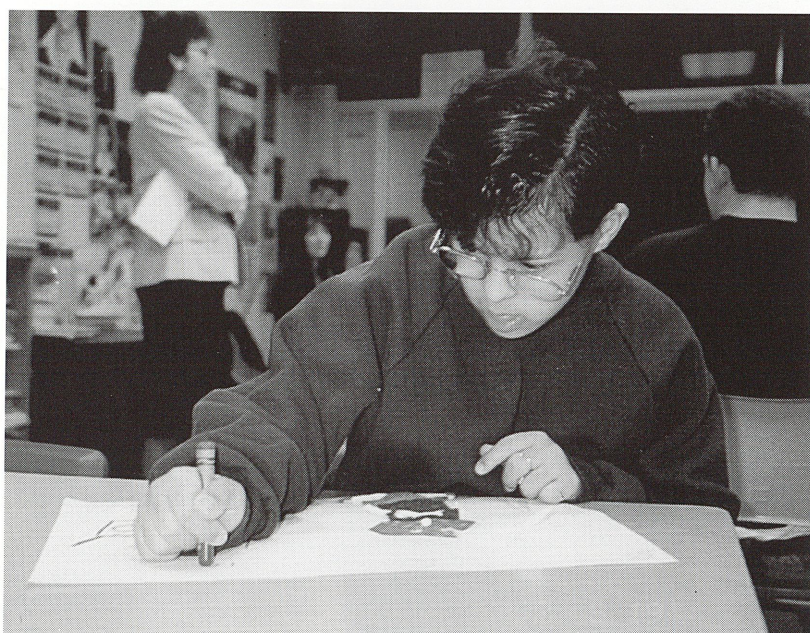

Kiski Area High School has many clubs and organizations that make an impact in our school and community. The Buddies cannot be categorized as either for they are individual students who spend their free time, such as study halls and homeroom, to make a difference in

life skills students' lives.

By taking the time, they bring smiles, knowledge and lasting memories to everyone involved. Buddies enjoy playing games like kickball in the Gym and helping Mrs. Leezer teach the class lessons. One of the favorite games of the students is Uno,

and, as many of the Buddies have pointed out, it is very hard to win.

Spending time being a friend is what being a Buddie is all about. Junior Emily DePanis likes being a Buddie; she says, "It is very rewarding to see how much they care about you just for being a Buddie."

VOLUNTEERISM

What do Kiski students do in their spare time? The words "I'm bored" pour out of the mouths of teenagers every day. What they do not realize is that if they just take the time to investigate, they can find many cures for their boredom. One treatment to this perpetual bug could be volunteering your free time to help someone less fortunate than you.

Many students at Kiski give up their free moments to help others. For example, senior Carla Cacco volunteers at St. Matthews Church in Saltburg, PA. Her job is to read the announcements at church and to help with the CCD classes. Carla enjoys volunteering; it makes her feel as if she has accomplished something. The most rewarding part to Carla is that the children look up to her for all that she does.

Ken Nemit, also a senior, volunteers his free time to various projects. Lastsummer, he worked at the Appalachia Service Project for a week. The Project involved a week-long house restoration for poverty-stricken people in the Appalachian Mountains. He and his church also traveled to Washington, D.C., to work in a soup kitchen for a day. They also worked

on a Habitat for Humanity project in D.C. Ken gets a sense of satisfaction from knowing that he has helped those who are less fortunate than he. The most rewarding part of volunteering to Ken is talking to the people he has helped because they are incredibly grateful. Ken thinks that the memories of the trips are going to last him a lifetime. He says, "I think that one source of true happiness comes from making the lives of others a little better."

Senior Carrie Estridge also finds time in her busy schedule to volunteer. She works an average of eight hours a week at the Lower Kiski Ambulance Service. Carrie loves helping and working with people. She also loves the medical field. She hopes to be a doctor that works in the Emergency Room.

Carrie got started volunteering when a man that belongs to her church took her on a tour of the ambulance base. Ever since that day, she has been hooked. Carrie likes volunteering because it gives her a chance to give back to the community. The most rewarding moment is when she sees people after she has helped them.

Senior are not the only ones who volunteer. Juniors Shelly and Sheila Shurina both volunteer at

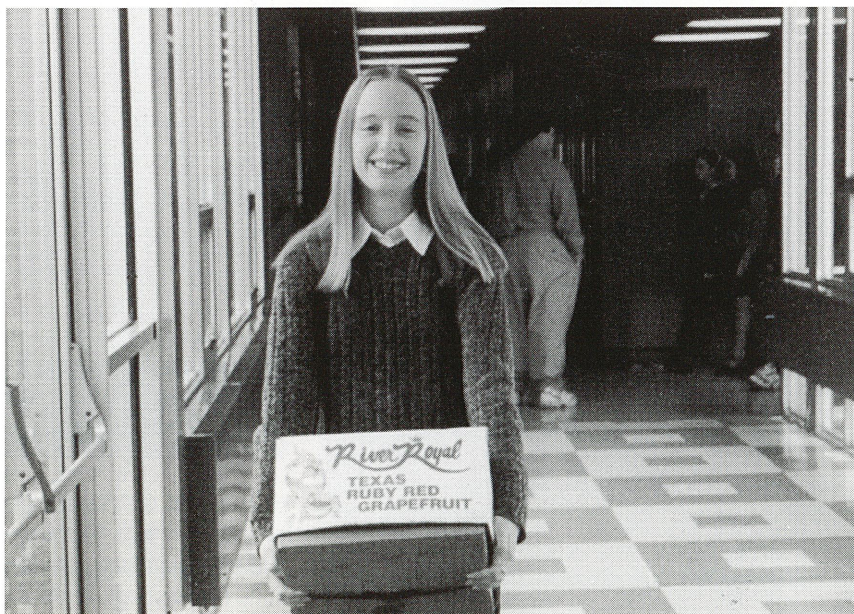

West Haven Nursing Home. The twins both feel that volunteering gives them "a sense of responsibility." Shelly likes it because she meets a lot of different people. Both are very hard-working students. Maintaining their grades, working at part-time jobs, and participation in athletic teams leave little room for many other activities. But, somehow, they manage to make time for others. This set of twins really shows what kindness is.

Sophomores Candice and Christina Roberts, another set of ambitious twins, also volunteer at West Haven. Just seeing the bright smiles can cheer up anyone. Christina feels that she can make someone's day by volunteering for even just one hour. These twins are not lazy either. Both are on the volleyball team and excel in their studies. These two identical twins are really a help to many.

So next time you are bored, why not go to the office and check out some local volunteer projects? So little can mean so much to someone else. Take a lesson from the generous students at Kiski, and volunteer.

Sherri,
We wish you all the best at
Penn State and also with the
rest of your life. You make a
heck of a pizza!

LOVE
Dad, Mom and Mike

Dear Jessica,
As you prepare for your future,
don't be afraid to strive for your
goals. It is time to let you go and
follow your dreams. Just always
remember we'll always follow
you with our hearts. We love
you!

Congratulations!
Mom and Joe

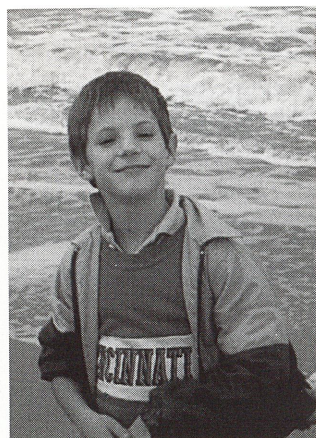

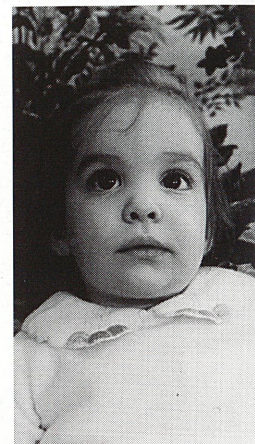

Jay,
You've made it, it's gradu-
ation time. We are proud
to be your parents. We
wish you the best of life for
your future.

Good Luck Kiddo
Mom, Dad and Jon

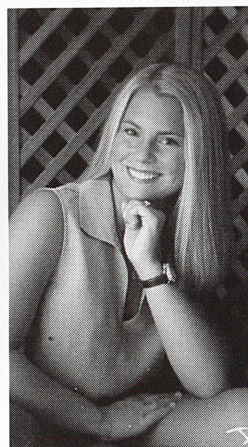

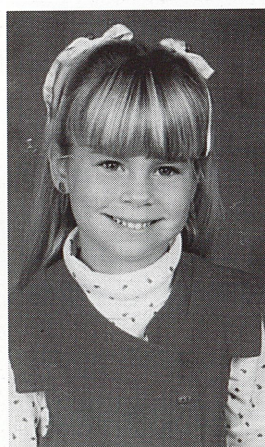

Dear Erin,
You went from being our little snork, to a lovely
young lady. We are so very proud of you and we
love you very much. We know you will make us
proud when you go to Thiel. Always reach for
your dreams, and keep on singing.

All our love,
Mom, Dad and Ryan

Matt,
Your name means "gift from
God" and we really feel that
you have been a gift to us.
Good luck in the future. Keep
up the hard work and you'll be
sure to succeed.

Love,
Mom, Dad, Joel and Megan

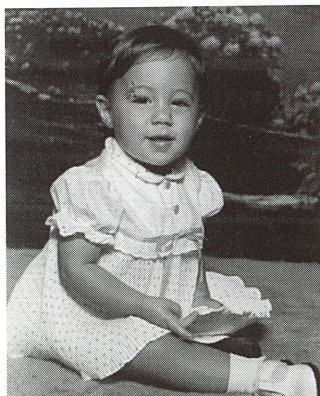

Dear Kelly,
Never lose that
beautiful smile nor
your warmth and
compassion for
others that make
you so special! Set
your goals high.

You have the
discipline,
determination and
talent to be
anything you want.
We love you very
much and will
always be here for
you.

All our love,
Mom, Dad and
Matt

Beth,
Where have all the years
gone...We can remember the
day you were born. You grew
to be a bright and beautiful
young woman. Good luck at
college and in the future years.

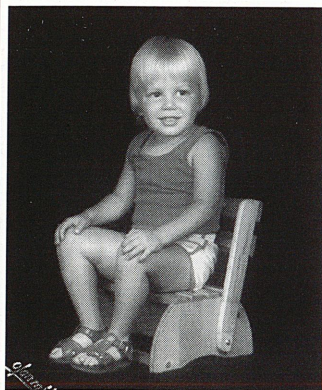

We love you always.
Love, Dad, Mom and Jen

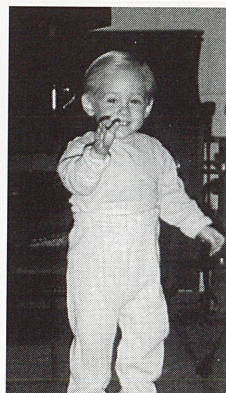

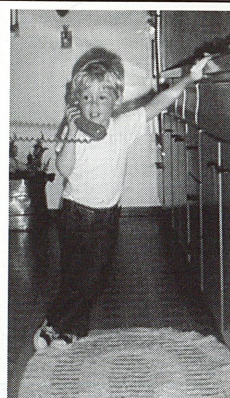

Erin,
Always hold your most
precious memories close to
your heart and they will live
inside of you. We're proud of
you, not only for your
accomplishments, but for the
person you have become. We
will always remember "hey
Baby" and "C2."

Love,
Dad and Mom

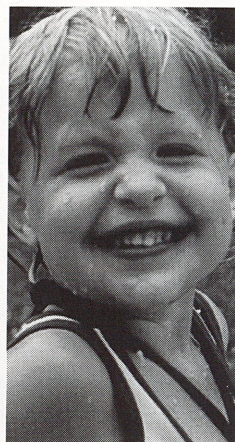

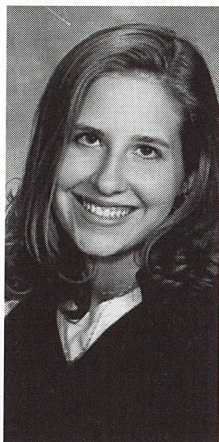

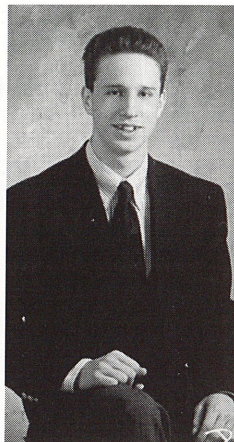

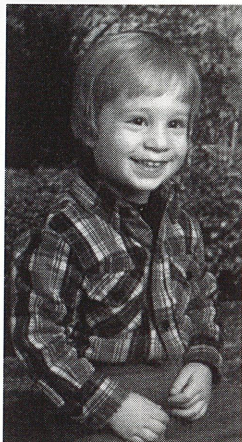

Congratulations Bill Shearer
You have given us so much joy in
life and many wonderful memories
as you were growing up. These 18
years sure flew by fast. We were
always very proud of you as a child
and even more so of the fine young
man you have become.
May you have success and happiness
always. Thanks for being such a
great son. We are very proud of
you and love you very much.
Dad, Mom and Chad

Beau,
We are very proud
of the young man
you have become
and the many
accomplishments
you have achieved.
Good luck in the
coming years at
college.
Love,
Mom and Dad

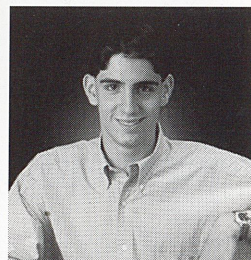

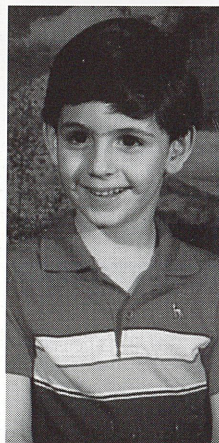

"jp"
You have been my
joy for 18 years. I
am so proud that
you are my son.
You have been
through a lot this
past year, but you
came through it
shining, as I knew
you would.
Congratulations! I
know you can make
your dreams come
thre. I love you.
Mom

"Babycakes"
June 13, 1980, your
birthday, one of the
happiest days of our
lives. We were there
when you began this
journey called life.
We're here as you
embark on the next
phase of your
voyage. We are so
proud of you and we
love you very much.
Love always,
Mom and Dad

Dearest Nicole,
A beautiful baby, a beautiful
child, a beautiful adult. Be
proud of all that you have
accomplished as I am proud of
you. Good luck in college and
know that you will achieve all
of your dreams. My love and
support will always be with
you.
Love always,
Mom

Ron,
Be proud , as we are,
of all that you have
accomplished. May
your future be bright
and your life be filled
with success. But
most importantly
may love and
happiness fill you and
your days.
Love,
Dad and Cathy

Dede,
You are still as sweet
today as you were on
the first day of
kindergarden. We are
so proud of you.
Love,
Mom and Dad

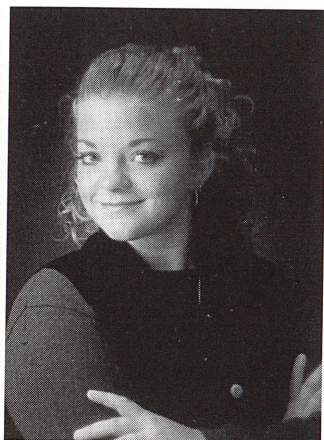

It just seems like
yesterday that you
were so small and
now you're all
grown up and
graduating from high
school. We are so
very proud of you
Shawna for all your
hard work. You
made it!!!
We love you...
Love, Mom and Dave

Congratulations Cassandra.
Our first grandchild to graduate.
We love you very much!

Love,
Grandma & Grandpap

Corey,
You have come to the
end of an era in your
life, only to start a new
one. The future holds
so much for you as long
as you STRIVE for your
best. We are so very
proud of you for all of
your accomplishments
and truly enjoyed the
time spent together as a
family. Know that we
will ALWAYS love you
and be here for you.

To My "Princess"
My life truly began the day you
were born. It was the happiest
day of my life. Was it really 18
yrs ago? It doesn't seem possible.
You have grown into a beautiful
young woman both inside and
out. I am so proud of you and I
hope and pray that you will have
much success, health and happiness
in college and the many years to
follow. I am really going to miss
you as you go off to college. You
are my "best friend."
Love always,
Mom XOXO

Kelli,
We love you and
wish you the best
always! Good luck
at Edinboro!
Dad, Mom, Shawn,
Tara & Andy

You did itGwen!
Remember your first
day of school? Where
did those years go?
You've made us very
proud. Follow your
dreams and be happy,
just as you've made
us happy. We love
you. You good
judgement will carry
you thru life.
Love,
Mom, Dad, Laurie,
Mary , Leah

To Our Darling Niece,
Even though distance has kept us from sharing so many
of your achievements, it cannot diminish this infinite
pride we feel on this special day. Watch out world,
Cassandra is on her way!
Love,
The Mahoney Gang

-Becki-
I am prouder than ever to say that you have been my
hero for all fourteen years of my life. You have always
been someone I've looked up to. I never doubted you in
any way. Now that you are graduating, I am so grateful
to know that you have influenced my life in every way
possible. You are forever my hero. Love you forever,
Angie

Christian, Beau, Ed, Billy, Darren, Brett & CJ,
It's hard to believe this is your senior year. Where did all the
time go? You all have developed such a wonderful friendship
over the years, always bringing out the best in each other. We
wish you all success in whatever you do. Frank & I have
enjoyed your company so much and want you to know our
door is always open for you.

God Bless,
Frank & Linda

Alice,
We have been blessed with a
wonderful daughter. You
have brought the family
much joy and happiness.
Congratulations on your
success.
We are so proud of you.
Love always,
Mom, Dad, Bob & Jane

JEMARC

Well done thy good and faithful son. You have
made us proud. Enter thou into the joy of thy
manhood.

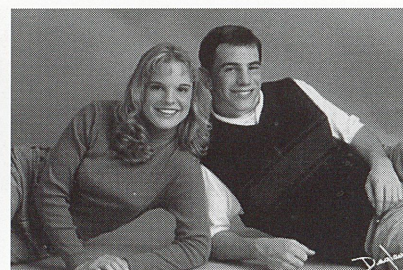

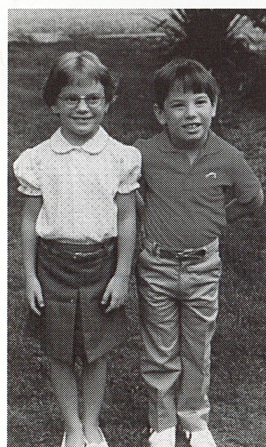

Proverbs 16:20
Mom and Dad

To Our "Daughter" Cassandra,
You have always been near to our hearts and the fact that
you've made so much of yourself is an unending source of
pride. It seems like only yesterday that you were very
small. But even though you've grown up, some things
haven't changed at all. You have always been and you will
always be a niece who is worthy of the very best that life
can bring. You have been the daughter we never had and
you know that no matter how old you are, we will always
be there for you. We love you as our own.

Aunt Janet & Uncle Larry

Jake,
You have brought much
happiness, joy, and pride to
our lives. The amazing
young man you have grown
into would make any
parent proud.
Congratulations on your
Eagle and may you have
success in college and in life.
We love you very much.
Mom and Dad

Steve & Theresa,
Since you two have given us twice the love
and twice the joy we are finding out the
roots were easy - wings are tough. Always
remember your family is here.
Love,
Mom & Dad

Dana,
Senior year already - so
hard to believe! You
certainly have made us
proud of you. We wish
you success and
happiness in all you
attempt. Remember
that we are always
here for you.
Love,
Mom, Dad & "The
Grams"

Watch out for those
bathroom doors and
windbreaker thieves. We will
always see you as little kids.
The velcro sisters and nuns
on the run. Always
remember the blessing you
have in your friendship.
Love,
Mom and Dad

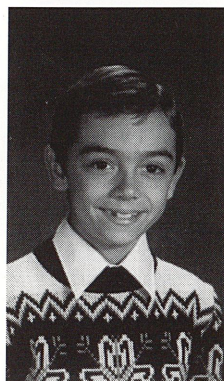

Dear Tiffany Tetford,
 Congratulations! From the day
 that you were born, you have
 made us so very proud of you.
 What a wonderful young lady you
 have turned out to be; with
 everything that you have
 accomplished during your high
 school years. We will pray for
 your continued success and will
 always be there for you. We love
 you!
 Love,
 Mom and Dad

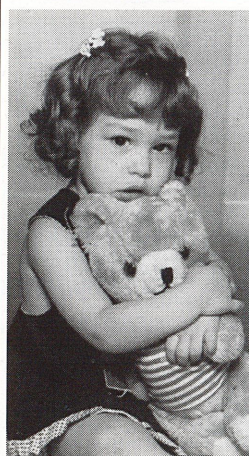

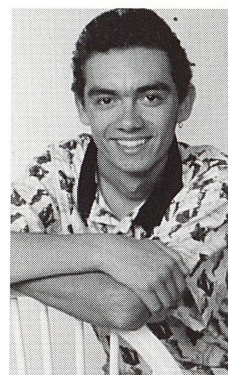

Allison, anyone who had the
 privilege of knowing you would
 agree that you are marvelously,
 wonderfully made. You are a
 special blessing to our family.
 We wholeheartedly thank you
 for always being there for us.
 We are so very proud of you,
 and we wish you the best
 wherever you go from here.
 Love forever,
 Your family

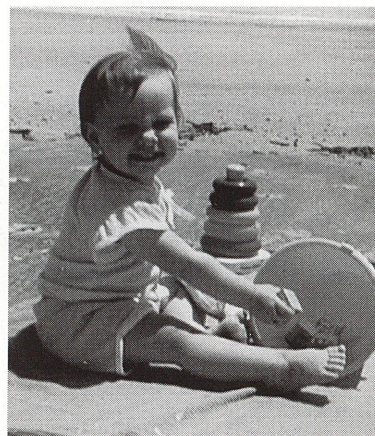

Dear Jill,
 It seems like only yesterday
 that you were looking
 forward to starting school
 (and still wearing whoopies). I
 wish we could go back and do
 it one more time because it all
 went too fast. I would change
 a few things but you wouldn't
 have to change a single thing.
 You did great and I am so
 proud of you. I have the
 utmost confidence that
 wherever you go and
 whatever you do, you will be
 terrific. Good luck sweetie!
 Love,
 Dad

Frank Thomas Weinzierl,
 If we could have chosen the
 road for you to travel, it
 would have been straight and
 solid, full of sunshine and
 smiles. Instead you traveled a
 rough and rocky road with a
 courage that made us proud.
 You faced pain and
 frustration with a stubborn
 strength that amazed any of
 who doubted. The road we
 would have not chosen has
 made you strong beyond
 your years and we know
 that strength will see you
 through all of life's journeys.
 Love, Mom, Dad, AnnaMarie,
 Aunt Katy

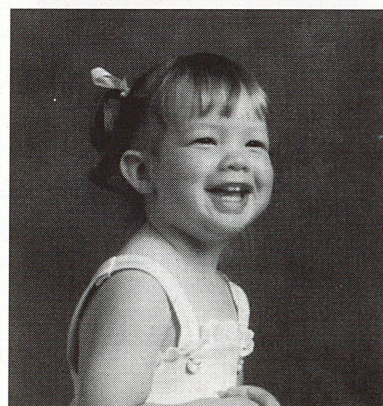

Jenny,
 It has been such a joy
 watching you
 mature, seeing you
 become the
 wonderful person
 you are. You have
 that special way
 about you that
 always makes people
 laugh. We are so
 proud to have you
 for a daughter. Best
 wishes in the future
 and in all you do.
 We love you,
 Dad, Mom and
 Shawna

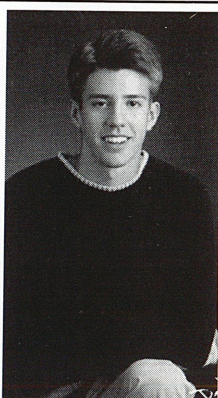

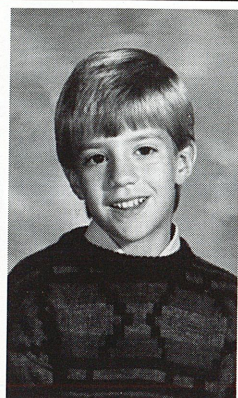

Casey,
 I am so proud of you! You have
 become the most wonderful young
 lady and my best friend. The past
 18 years have gone by too quickly
 and soon you will be off on a new
 journey. My love and prayers are
 always with you. VMI is fortunate
 to be getting such an overall well-
 rounded individual in the Corp of
 Cadets. You have proven that
 discipline and hard work reap many
 rewards. You go girl and keep
 smiling!!
 Love Ya!

Kristan,
 The year may change a lot
 of things,
 But never the love this
 message brings.
 And never the pride and
 happiness too,
 That comes from having a
 daughter like you.
 Hugs and Kisses,
 Mom, Dad, Ryan and Robert

Heather,
 We are so very proud of you.
 It has been wonderful
 watching you grow from a
 little girl to a beautiful young
 woman. We wish you much
 happiness and know that you
 will reach your goals in life.
 You have been a very special
 gift to us.
 We love you,
 Mom, Dad and Jason

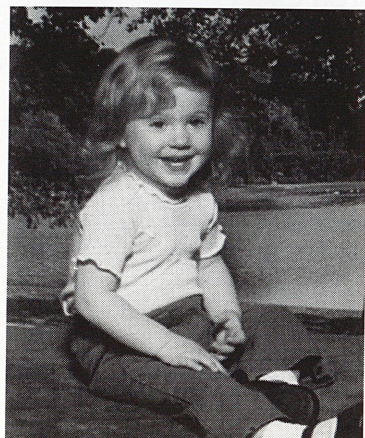

May you soar with eagles!
Good luck in your future!
We love You!
Mom, Pappa Joe,
Ryenne and Jeremy
Bear, Ruff, Elmer
and your buddy
Clark!

Dayna,
Thanks for all the laughs, smiles & comforting. You are not only my best friend, you are also my other half. In this past year, I think we have both grown from each other in many ways. Our friendship is definitely one in a million. It is unbreakable by distance and unchangeable by time. Thank you, this was one important year of my life that I know I will never forget. All of our memories and sayings will always be in my heart forever, just like our best friendship. You are the best friend that I have ever found.

Love,
Lori

Dayna,
We are so proud of you. All through your life you gave 100% and you were blessed because of all that hard work. We love you and wish you the best life has to give.

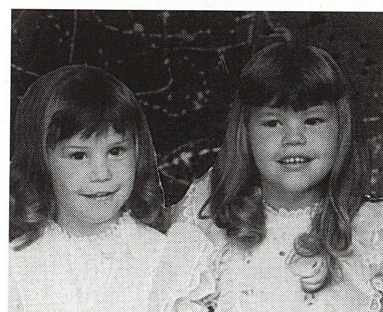

Love always,
Ron, Mom & Don

Jennifer,
You danced into our heart 18 years ago and are now dancing into a bright future in Musical Theatre and Dance. Trust God in all things - He will never fail you. We are so proud of the lovely young woman you have become!

Kristin,
We have grown up so much and we have grown together. I couldn't be who I am without you. You are a part of me that I never want to lose. Without you, I would not be complete. Not only are you me "Little Sister" but you are my Best Friend. I know as we continue to grow, we will do it together. I love you with all my heart.

Love,
Your "Big Sister"
Stacie

Kristin,
You have grown in so many ways over the years and you have always been just a little sweeter, a little brighter, and very very special. We are very proud of the things you have accomplished and the beautiful young lady you have become. The paths you have chosen to take are proof that you are ready to handle what the next road has to offer. Your beautiful, sparkling eyes, delightful smile, sweet and caring way, joy and love of life are truly precious gifts. Because of you, we have gathered a heart full of memories. Because of you, we have seen our dreams come true. You will go on with your future just as in the past with pride and honor and the treasured values you have obtained, knowing that whatever you reach for will be infact just another step toward whatever final goal you set for yourself. Words cannot express the joy and love you have given us. Follow your heart and it will lead to success.

We love you forever,
Mom & Dad

Be a queen. Dare to be different. Be a pioneer. Be a leader. Be the kind of woman who in the face of adversity will continue to embrace life and walk fearlessly toward the challenge. Take it on! Be a truth seeker and rule your domain, whatever it is - your home, your office, your family - with a loving heart.

Be a queen. Be tender. Continue to give birth to new ideas and rejoice in womanhood...My prayer is that we will stop wasting time being mundane and mediocre...We are daughters of God - here to teach the world how to love...

It doesn't matter what you've been through, where you come from, who your parents are - nor your social or economic status. None of that matters. What matters is how you choose to love, how you choose to express that love through your work, through your family, through what you have to give to the world....

Be a queen. Own your power and your glory!

18 1/2 years ago, 2 months premature and 2 pounds, you
fought to live. From that day on, you have fought and worked
hard for everything you have achieved. We know this is what
made you what you are today. A wonderful son, a young man,
a great brother and a friend. We are proud of you. We will
continue to pray, love, and support you as you continue to walk
the path of life. Congratulations!!

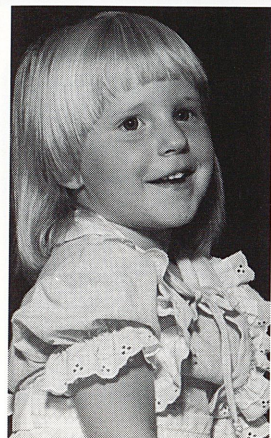

Love,
